

Space for Women Project

A project to facilitate the **strengthening of the awareness, capacity and skills** of individuals and institutions related to the importance of **promoting gender equality in the space sector** and its fundamental educational fields.

- **Facilitating access** to the space sector education as well the space sector itself
- Provide **policy-relevant advice and awareness raising** to institutions and governments on ‘Space for Women’ and ‘Women for Space’
- Facilitating **capacity-building/training** of individuals on access to and use of space-technology
- Promote a **mentoring platform** on ‘Space for Women’ Champions

Space for Women Project

Space for Women Project

- How to attract more women for space?
- What can women do for space?

- What can space do more for women?
- What do women need from space?

1. Institutional / Industry

<p>What?</p> <ul style="list-style-type: none"> - Internal Structures - Policies - Procedures - Organisational effect
<p>How?</p> <p>Space 50/50 – policy framework 10 principles</p>

2. Enabling Environment

<p>What?</p> <ul style="list-style-type: none"> - Rules, Laws, Policies, Social Norms - Stereotypes - Communication
<p>What?</p> <p>Vienna Declaration and build upon outcomes of UNISPACE Definition of what is space? Monitoring</p>

3. Individual (shaped by 1 + 2)

<p>What?</p> <ul style="list-style-type: none"> - Skills - Experience - Knowledge
<p>How?</p> <p>a) <u>Formal</u>: Education, Training, Skill development, networking</p> <p>b) <u>Informal</u>: Doing, Observing, Role Models, Sponsoring</p> <p>c) Access to resources, experience, mentoring</p> <p>d) <u>Applications</u>: SDGs, Climate Change, Sendai</p>

Space for Women Project

- How to attract more women for space?
- What can women do for space?

- What can space do more for women?
- What do women need from space?

1. Institutional / Industry

2. Enabling Environment

3. Individual (shaped by 1 + 2)

- Having relevance is important for the successful implementation of the project
- Existing and emerging technologies and how they can help women?
- Satellites for data, communication (e.g. education / telemedicine)
- Augmented Reality / Virtual Reality
- Cube stats for capacity building
- Think about all the way up until 2030
- Expertise on space technology can already be used as a technical capacity
- Multiple careers, inclusive for everybody
- Community engagement – religious leaders, families, social innovation
- Virtual space for women – platform / global programme to bring this together
- Focus 11 – 15 but as well start younger
- Rebranding: multi- or interdisciplinary global rebranding
- Bring men in the discussions
- Global competition as idea for outreach and communication to raise awareness
- Talking points having the same language
