20 July 2022

IMD 2022 Global Events

38 Global Events
23 Nations

Tele-robotics Experience

- Students from 8 Countries, 5 continents participated

A screenshot of a tele-robotics mission control interface. The interface is divided into several sections: 1. A large video window on the left showing a rover on a rocky, cratered terrain. 2. A 'MISSION CONTROL' panel on the right with various controls like 'LIVE ROVER VIDEO', 'PAN-TILT-ZOOM CAMERA', 'VIEW FEED', 'ZOOM', 'FOCUS', 'EXPOSURE', and 'PRESET POSITIONS'. 3. A 'Helelani Mission Control' window in the center showing a table of commands and their execution times. 4. A 'Helelani Camera Control' window with two circular gauges for 'Situation Cam' and 'Stereo Cam'. 5. A 'Helelani Throttle Trackpad' window with a grid overlay. 6. A video call window on the right showing several participants, including 'Christian Andersen', 'Emily Ugobodu', 'Ugobodu Sonja', and 'Taylan'. 7. A system tray at the bottom right showing the date and time as 'Wed 13:12' and '0:14:08'.
