

WORLD SPACE WEEK 2022: SPACE AND SUSTAINABILITY

Maruska Strah, WSWA Executive Director

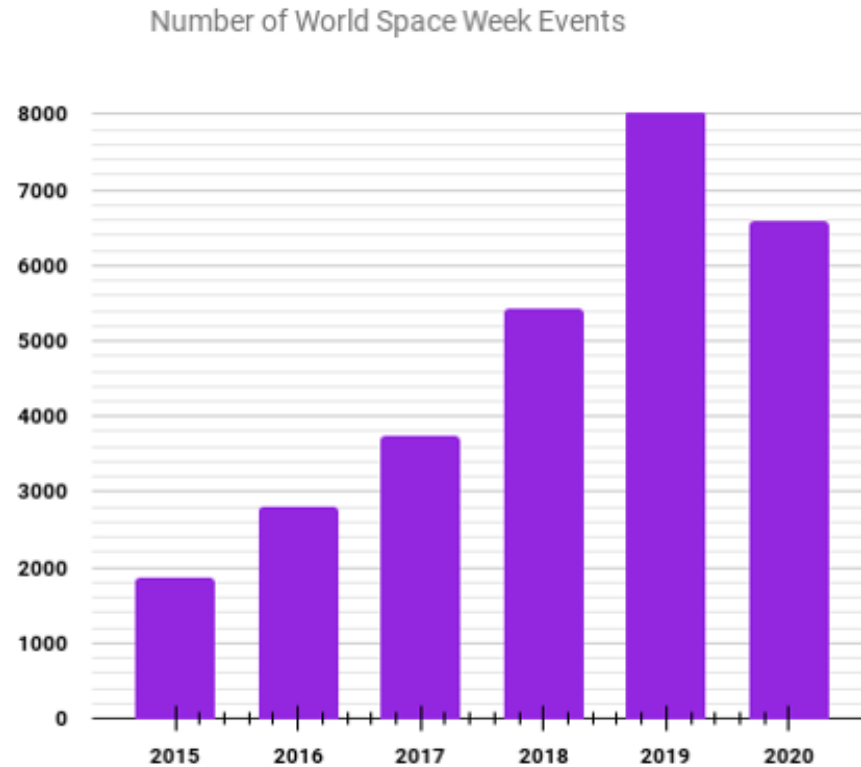

*UN Committee on Peaceful Uses of the Outer Space, Scientific and Technical Subcommittee,
Fifty-nine session,
Technical Presentation*

Vienna, 07 – 18 February, 2022

MISSION

To **strengthen the link between space and society** through **public education, participation** and **dialogue** on the future of space activities, using UN-declared World Space Week as a focus.

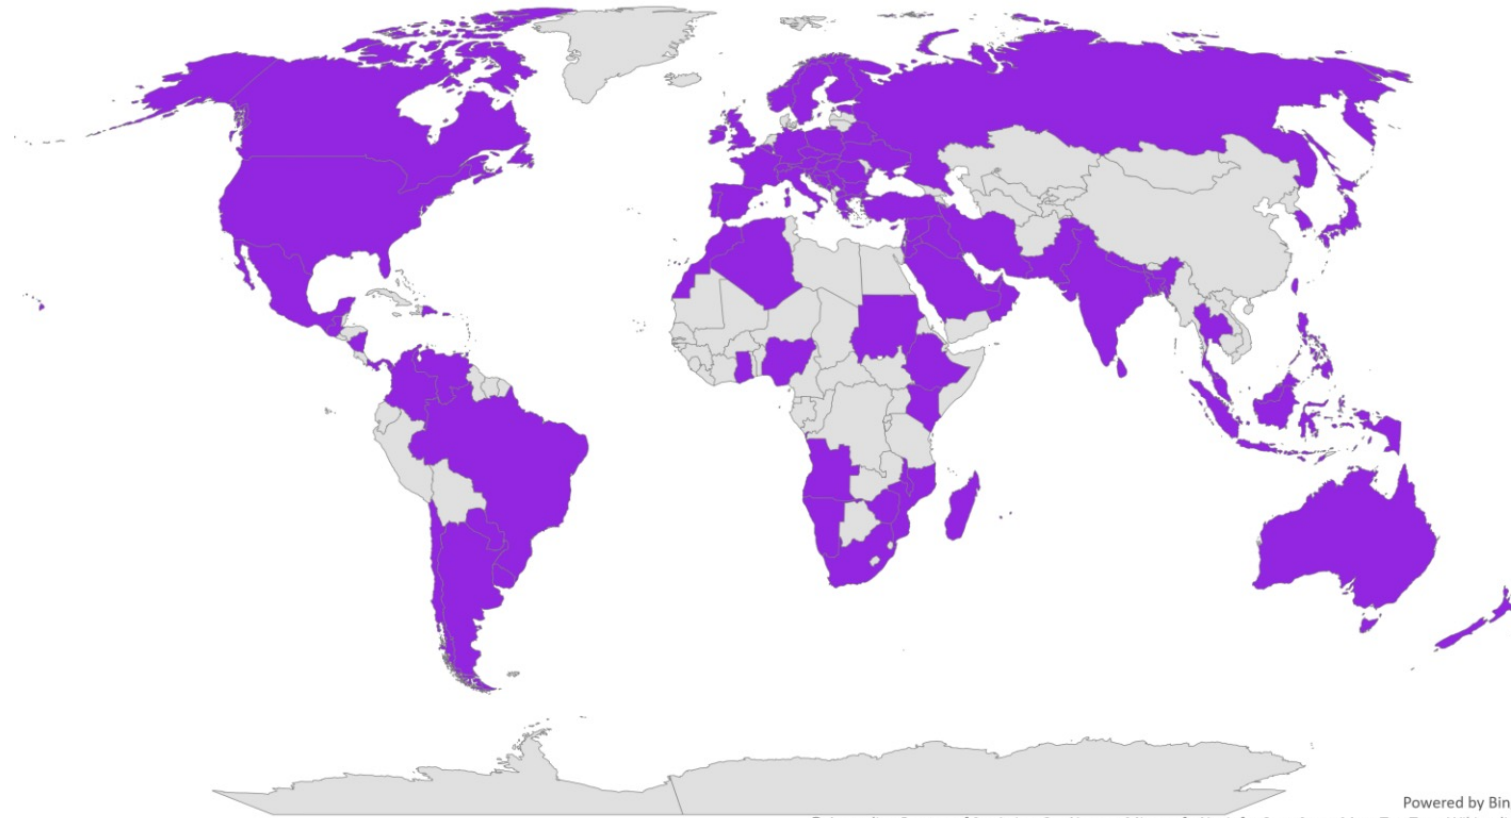

- Since 2012, the Association recorded approximate **30% growth** in the number of events
- In 2021, we recorded **over 6,000 events in 96 countries**
- Events were organized by the **industry, space agencies, schools, planetaria, museums, individuals** and others

WSW THEME 2021 – WOMEN IN SPACE

- Every year, our Board of Directors selects a theme that will be the focus of WSW – in 2022 that theme is **“Space and Sustainability”**
- Focus on **importance of space technologies and applications for achieving SDGs and sustainability on Earth**
- **Sustainability of outer space**
- **Raise awareness and contribute to solutions**

How do space technologies and applications contribute to sustainable development here on Earth?

What are the different challenges for sustainability of outer space?

How do space technologies and applications drive progress in Emerging Spacefaring Nations?

PLANNED ACTIVITIES

Social media campaign focused on **space sustainability, Sustainable Development Goals** and on the **169** identified **targets**

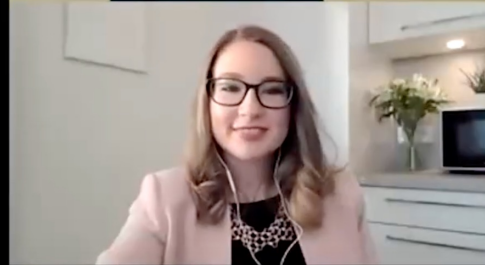

Series of **Webinars** and a **Podcast** bringing awareness

Collaboration with **partner organizations** to work with them on **raising awareness about space sustainability**

WSWA Women in Space Webinar: The Promise of the Future of Space
