

Estimated distribution of agenda items. The table provided below offers an estimated distribution of agenda items at the 61st session of the Scientific and Technical Subcommittee. As the Subcommittee aims at using efficiently its time, meaning meetings will not be suspended in order to follow this schedule, it is important to note that these time allocations serve as approximations and are subject to change. The actual time dedicated to the consideration of each agenda item may vary considerably, based on the evolving nature of the discussions, extended considerations, or other dynamic factors influencing the session. Delegations are kindly requested to recognize that adjustments to the schedule will likely be necessary. The tentative schedule is informative and not binding on the Secretariat or the Chair.
