Space for Women Project

A project to facilitate the strengthening of the awareness, capacity and skills of individuals and institutions related to the importance of promoting gender equality in the space sector and its fundamental educational fields.

• **Facilitating access** to the space sector education as well the space sector itself
• Provide **policy-relevant advice and awareness raising** to institutions and governments on ‘Space for Women’ and ‘Women for Space’
• Facilitating **capacity-building/training** of individuals on access to and use of space-technology
• Promote a **mentoring platform** on ‘Space for Women’ Champions
Space for Women Project

1. Awareness raising & Advocacy
2. Capacity-Building / Education
3. Networking

Institutional

**Evidence-based Awareness Raising, Communication, Knowledge Management, Advocacy, Champions**

- What can space do more for women?
- What do women need from space?
- How to attract more women for space?
- What can women do for space?
Space for Women Project

1. Institutional / Industry
   - Having relevance is important for the successful implementation of the project
   - Existing and emerging technologies and how they can help women?
   - Satellites for data, communication (e.g. education / telemedicine)
   - Augmented Reality / Virtual Reality
   - Cube stats for capacity building
   - Think about all the way up until 2030
   - Expertise on space technology can already be used as a technical capacity
   - Multiple careers, inclusive for everybody
   - Community engagement – religious leaders, families, social innovation
   - Virtual space for women – platform / global programme to bring this together
   - Focus 11 – 15 but as well start younger
   - Rebranding: multi- or interdisciplinary global rebranding
   - Bring men in the discussions
   - Global competition as idea for outreach and communication to raise awareness
   - Talking points having the same language

2. Enabling Environment
   - What can space do more for women?
   - What do women need from space?
