COMMITTEE ON THE PEACEFUL  
USES OF OUTER SPACE

INFORMATION FURNISHED BY STATES LAUNCHING OBJECTS INTO ORBIT OR BEYOND  
IN CONFORMITY WITH GENERAL ASSEMBLY RESOLUTION 1721 B (XVI)

Letter dated 25 May 1962 from the Permanent Representative of the United States  
of America addressed to the Acting Secretary-General

In accordance with the provisions of paragraphs 1 and 2 of General Assembly resolution 1721 B (XVI), I enclose registration data concerning United States space launchings. Commencing with this report, the United States plans to prepare these reports on a semi-monthly basis, i.e., on the fifteenth and last days of each month, to keep this information up to date.

With these additions and deletions in the record, you will have received for the Committee on the Peaceful Uses of Outer Space and for the Public Registry a complete registry of all United States space vehicles and associated objects in orbit or space transit as of 30 April 1962.

In addition, there is included supplemental information concerning all United States space vehicles which were launched between our previous report (as of 10 April 1962) and 30 April 1962 and which either (a) achieved orbit, but were no longer in orbit as of 1200Z on 30 April 1962 or (b) failed to achieve orbit.

(Signed) Adlai E. STEVENSON
