COMMITTEE ON THE PEACEFUL USES
OF OUTER SPACE

INFORMATION FURNISHED IN CONFORMITY WITH GENERAL ASSEMBLY
RESOLUTION 1721 B (XVI) BY STATES LAUNCHING OBJECTS INTO
ORBIT OR BEYOND

Letter dated 15 July 1981 from the Permanent
Representative of India to the United Nations
addressed to the Secretary-General

In pursuance of General Assembly resolution 1721 B (XVI), I have the honour to transmit to you the following information concerning a satellite constructed by India and recently launched from India's own launching range at Sriharikota in India:

Name: Rohini satellite D-1

Launch vehicle: SLV-3 launcher

Date of launch: 31 May 1981

Launch site: Sriharikota Range, Andhra Pradesh, India

Orbit characteristics: Apogee 425.56 km
Perigee 180.59 km
Inclination 46.25°
Period 90.6 min

Purpose: This was the first developmental flight of the SLV-3 launch vehicle. The Rohini satellite carried a landmark tracker payload for accurate orbit and attitude determination

The satellite re-entered the earth's atmosphere on 8 June 1981

(Signed) N. KRISHNAN
Ambassador/Permanent Representative
of India to the United Nations
