

Children are the future of mankind!
 Today is the day when we must give
 them a solid notion of the world
 and to prepare them to be leaders
 and creators of our future.
 - The Space Academy Team

**START YOUR KID ON A
 PATH TO A COSMIC FUTURE**

SPACE ACADEMY

space program for children age 8 to 12

www.SpaceAcad.com

A WALK AROUND THE SOLAR SYSTEM

Let's fly to the planets of the Solar system and learn about the spacecraft that visited each planet and their discoveries.

GRADUATION DAY

Launch your own rocket, wear an astronaut costume and receive a certificate.

THE MAGICAL CONSTELLATIONS

Learn about the myths and legends of the most famous stars and constellations in the sky.

LAND ON THE MOON AGAIN

Let's turn to the Moon once again and to learn about the Apollo missions that sent astronauts on the lunar surface.

OUR COSMIC NEIGHBOUR MARS

Learn about the tragic history of Mars and the surprises it holds even today.

SAVE PLANET EARTH

Let's learn how we can save our planet together with our everyday actions and to leave a clean place for the future generations.

COMETS, ASTEROIDS, DWARF PLANETS

Learn about the mysterious comets, asteroids and why do we have planets that are dwarfs.

A RED PLANET ADVENTURE

Buckle up your belt and embark on the greatest adventure ever - a trip to Mars.

GALAXIES, EXOPLANETS AND ALIENS

Become a cosmic surveyor and learn about the giant star cities - the galaxies. Search for an extraterrestrial life among the stars.

RIDE A ROCKET LIKE AN ASTRONAUT

Kickstart your astronaut career now! Learn about what you need to do in life to become an astronaut and how astronauts live in space.

LAUNCH A ROCKET!

Become a real space engineer and learn about the structure of rockets and design your own rocket which you will launch!

THE INTERNATIONAL SPACE STATION

Become a real space mechanic, learn about the structure of the space stations and design your own space station.
