Information furnished in conformity with the Convention on Registration of Objects Launched into Outer Space

Note verbale dated 21 March 2005 from the Permanent Mission of the United States of America to the United Nations (Vienna) addressed to the Secretary-General

The Permanent Mission of the United States of America to the United Nations (Vienna) presents its compliments to the Secretary-General of the United Nations and, in accordance with article IV of the Convention on Registration of Objects Launched into Outer Space (General Assembly resolution 3235 (XXIX), annex), has the honour to transmit registration data on space launches by the United States for January 2005 (see annex).
Annex

Registration data on space launches by the United States of America for January 2005*

The following report supplements the registration data on United States launches as at 31 January 2005. All launches were made from the territory of the United States unless otherwise specified.

<table>

The following object not previously reported has been identified since the last report:

1987-022F GOES 7 AKM 26 February 1987 1 457.9 11.9 40 920 31 506 Spent boosters, spent manoeuvring stages, shrouds and other non-functional objects

The following objects not previously reported have been identified since the last report but were no longer in orbit as at 2400Z 31 January 2005: 

None.

The following objects achieved orbit since the last report but were no longer in orbit as at 2400Z 31 January 2005: 

None.

The following objects identified in a previous report were no longer in orbit as at 2400Z 31 January 2005: 

The following objects were launched since the last report but did not achieve orbit: 

None.

Revisions that should be made to previously reported data: 

None.

* The registration data are reproduced in the form in which they were received.
