WORKING GROUP OF THE WHOLE

Morning*

(Closed)

Conference
Room III

*Following the adjournment of the 712th meeting.

WORKING GROUP ON NEAR-EARTH OBJECTS

Morning*

(Closed)

Conference
Room III

*Following the adjournment of the Working Group of the Whole.

SUMMARY OF SCHEDULED MEETINGS

710th meeting

Space debris [7]

The Subcommittee continued its consideration of this item with a statement by China, Germany, Czech Republic, Japan and Canada.

Near-Earth objects [11]

The Subcommittee continued its consideration of this item with statements by Nigeria and Japan.

Geostationary Orbit [12]

The Subcommittee started its consideration of this item with statements by Colombia, Czech Republic, Venezuela and the International Telecommunication Union (ITU).

General exchange of views [3]

The Subcommittee concluded its consideration of this item with statements by Chile and the representative of the Prince Sultan Bin Abdulaziz International Prize for Water (PSIPW).

Special presentations

Presentations were made by the representative of the United States of America on "USA orbital debris environment and operations update", by the representative of France on "2008 Space debris activities in France" and by the representatives of Secure World Foundation (SWF) on "2008 Events in Support of International Civil SSA" and on "The Space Security Index: Addressing a concern of international interest".

711th meeting

Space debris [7]

The Subcommittee concluded its consideration of this item with statements by Italy, Indonesia and Brazil.

Near-Earth objects [11]

The Subcommittee suspended its consideration of this item pending discussions in the Working Group on Near-Earth Objects with a statement by Mexico.

Geostationary orbit [12]

The Subcommittee continued its consideration of this item.

Nuclear Power Sources [10]

The Subcommittee concluded its consideration of this item with a statement by the United States of America.

Special presentations

Presentations were made by the representative of the Russian Federation on “Estimation of current status of geostationary orbit based on results of research in the framework of ISON international project”, by the representative of the United States of America on “FAA Commercial Space Transportation Regulations” and by the representative of South Africa on “African Leadership Conference on Space Science and Technology for Sustainable Development: Review and Outcomes of the 2nd Conference”.

WORKING GROUP OF THE WHOLE

The Working Group held a closed meeting in the afternoon.

WORKING GROUP ON NEAR-EARTH OBJECTS

The Working Group held a closed meeting in the afternoon.

**WORKING GROUP ON THE USE OF
NUCLEAR POWER SOURCES IN OUTER SPACE**

The Working Group held a closed meeting in the afternoon.
