**Agenda Item**

Remote Sensing  

Draft provisional agenda for the forty-eighth session of the Subcommittee  

Adoption of the report of the Working Group on Near-Earth Objects

**Special Presentations on Outer Space Activities**

At the end of the morning session (734th) of the Scientific and Technical Subcommittee of the Committee on the Peaceful Uses of Outer Space, today, 18 February 2010, there will be three special presentations on “Third African Leadership Conference on Space Science and Technologies for Sustainable Development” by Mr. A. Kedjar of Algeria, on “CBERS and HJ-1A/1B data applications and international cooperation” by Mr. H. Zhang of China and on “Space technology and management of the first September flooding in Burkina Faso: from Charter activation to rapid mapping” by Mr. A. Belem of Burkina Faso, in Conference Room M1.

At the end of the afternoon session (735th) of the Scientific and Technical Subcommittee of the Committee on the Peaceful Uses of Outer Space, today, 18 February 2010, there will be three special presentations on “Forest and Environmental Monitoring Activities in the Climate Change Process” by Mr. T. Hausler of Germany, on “Formalizing South Africa’s national space programme” by Mr. V. Munsami of South Africa and on “Telehealth/telemedicine in Burkina Faso” by Mr. O. Diallo of Burkina Faso, in Conference Room M1.

**Informal Consultations on Agenda**

10.00 am - 11.00 am  

Item 14: Long-term Sustainability of Outer Space Activities

**WORKING GROUP ON NEAR EARTH OBJECTS**

Afternoon*  

(Closed)  

Conference Room M1

* Following the adjournment of the 735th meeting
SUMMARY OF SCHEDULED MEETINGS

732nd meeting

Remote Sensing [7]

The Subcommittee continued its consideration of this item with statements by the representatives of Canada, China, Germany, the Russian Federation and the United States of America.

International Space Weather Initiative [13]

The Subcommittee continued its consideration of this item.

Long term Sustainability of Outer Space Activities [14]

The Subcommittee continued its consideration of this item with a statement by the representative of France.

Geostationary Orbit [15]

The Subcommittee continued its consideration of this item with a statement by the observer for the International Telecommunication Union (ITU).

Special presentations

Presentations were made by the representative of the United States of America on “International Cooperation on Operational Environmental Satellites: The U.S. Experience”, by the representative of India on “India’s OCEANSAT-2 mission in meeting the global demands” and by the representative of Indonesia on “Applications of remote sensing satellite and GNSS for disaster management and Earth environment monitoring in Indonesia”, in Conference Room M1.

733rd meeting

Remote Sensing [7]

The Subcommittee continued its consideration of this item.

Nuclear power source [11]

The Subcommittee concluded its consideration of this item.

Long term Sustainability of Outer Space Activities [14]

The Subcommittee continued its consideration of this item with statements by the representatives of Bolivia, China, Colombia, France, Italy, Republic of Korea, Romania, the Russian Federation, Saudi Arabia, Venezuela and the United States of America.
The Subcommittee concluded its consideration of this item with statements by the representative of Colombia, Saudi Arabia and Venezuela.

Special presentations

Presentations were made by the representative of Austria on “Highlights of the International Astronautical Federation space communications navigation symposium” by the observer for the Prince Sultan Bin Abdulaziz International Prize for Water (PSIPW) on “Use of remote sensing to improve water management in Saudi Arabia” and by the representative of India on “Bhuvan Portal for space-based information for decision-making”, in Conference Room M1.

WORKING GROUP ON NUCLEAR POWER SOURCES

The Working Group held a closed meeting in the morning.

WORKING GROUP OF THE WHOLE

The Working Group held a closed meeting in the afternoon.
