WORKING GROUP OF THE WHOLE

Morning*

(Closed)

Board Room D

* Following the adjournment of the 806th meeting.

3.00 pm-6.00 pm

807th meeting

Board Room D

Symposium

A symposium on the theme "Commercial Applications of Global Navigation Satellite Systems", will be held today, 17 February 2014, in Board Room D (4th Floor), Building C, at 3.00 pm.

The event will be chaired by Mr. Xiancheng Ding, China, Co-Chair of the 2014 Providers' Forum of the International Committee on Global Navigation Satellite Systems (ICG), who will also make opening remarks to the symposium.

Presentations will be made by Mr. Tom Stansell, Stansell Consulting, United States of America, Mr. Andrey Kupriyanov, GLONASS/GNSS Forum Association, Russian Federation, Ms. Miao Tian, China Satellite Navigation Office, China, Mr. Guiseppa Viriglio, TELESPAZIO Spa, Italy, and Mr. Yoshiyuki Murai, QZS System Service Inc., Japan

SUMMARY OF SCHEDULED MEETINGS

804th meeting

General exchange of views [4]

The Subcommittee continued its consideration of this item with statements by the representatives of Cuba, South Africa and Ukraine.

The observers for EURISY and for the United Arab Emirates also made statements.

Space technology for socioeconomic development [6]

The Subcommittee continued its consideration of this item with statements by the representatives of Egypt, Germany and Nigeria.

Space debris [8]

The Subcommittee continued its consideration of this item with a statement by the representatives of Chile on behalf of the Latin America and the Caribbean Group, Egypt, Germany, Pakistan, the Republic of Korea and the United States of America.

Special presentations

Presentations were made by the representative of the United States of America on “United States space debris environment, operations, and modeling updates” by the observer for the International Space University (ISU) on “Kenyan coast Observations through Affordable Space Technology Applications (KOASTAL)”, by the observer for the European Space Agency (ESA) on “European Space Agency space debris mitigation” and by the representative of Japan on “Asia-Pacific Regional Space Agency Forum in 2013 and 2014: renovating for a new era”.

WORKING GROUP OF THE WHOLE

The Working Group held a closed meeting this morning.

805th meeting

General exchange of views [4]

The Subcommittee continued its consideration of this item with statements by the representatives of India and Spain.

Space technology for socioeconomic development [6]

The Subcommittee continued its consideration of this item with a statement by the representative of Canada.

Space debris [8]

The Subcommittee continued its consideration of this item with statements by the representatives of Canada and India.

Special presentations

Presentations were made by the observer for the International Space University (ISU) on “Affordable Microsatellite-Based Internet Access and Environmental Monitoring (AMBIEnT)” by the representative of China on “20 Years of Inter-Agency Space Debris Coordination Committee (IADC)” by the representative of Spain on “Propellantless deorbiting of space debris by bare electrodynamic tethers” and by the observer for the Space Generation Advisory Council (SGAC) on “The Space Generation Congress 2013: perspectives from university students and young professional in the space sector”.

WORKING GROUP ON NUCLEAR POWER SOURCES

The Working Group held a closed meeting this afternoon.
