Committee on the Peaceful Uses of Outer Space

Information furnished in conformity with the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies

Note verbale dated 14 February 2014 from the Permanent Mission of the Netherlands to the United Nations (Vienna) addressed to the Secretary-General

The Permanent Mission of the Netherlands to the United Nations (Vienna), with reference to article XI of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies (General Assembly resolution 2222 (XXI), annex), has the honour to furnish information on a space object added to the national part of the Netherlands registry of objects launched into outer space (*Register ruimtevoorwerpen*). The establishment of the Netherlands registry and its subregistries was communicated to the Secretary-General in document ST/SRG/SER.E/INF.24 of 20 August 2009.

Committee on Space Research international ..
designator:

Name of space object: SES-8
Date of launch: 3 December 2013 UTC
Location of launch: Cape Canaveral, Florida,
United States of America

Basic orbital parameters

Nodal period:	23 hours, 55.8 minutes to 23 hours, 56.4 minutes
Inclination:	0.05 degrees
Apogee:	35,820 kilometres
Perigee:	35,752 kilometres

Geostationary satellite orbit location: 95 degrees East
Nuclear power source: No
General function of the space object and Commercial communications satellite
other useful information relating to its
function:

Official information on the space object can be found on the website of the Radiocommunications Agency of the Ministry of Economic Affairs of the Netherlands (www.agentschaptelecom.nl/sites/default/files/ruimtevoorwerpen-database-nationaal-deel.pdf).
