Committee on the Peaceful Uses of Outer Space
Legal Subcommittee
Fifty-sixth session
Vienna, 27 March-7 April 2017
Item 15 of the provisional agenda
Review of international mechanisms for cooperation in the peaceful exploration and use of outer space

Responses by Member States to the set of questions provided by the Chair of the Working Group on International Mechanisms for Cooperation in the Peaceful Exploration and Use of Outer Space

Note by the Secretariat

In accordance with the recommendations of the Working Group at the fifty-fifth session of the Subcommittee in 2016 (A/AC.105/1113, Annex III, para. 9), member States of the Committee and international intergovernmental and non-governmental organizations having permanent observer status with the Committee were invited to provide comments and responses to the questionnaire, as contained in the Report of the Legal Subcommittee in its fifty-third session, (A/AC.105/1067, Annex III, para. 10).

The present conference room paper contains the reply by Pakistan to the set of questions.

Pakistan

Review of international mechanisms for cooperation in the peaceful exploration and use of outer space

Pakistan has a strong element of international cooperation in the development of its space programme. At present, Pakistan has entered into many bilateral and multilateral cooperation Agreements/MoUs for collaboration in space activities and to contribute in the projects related to the peaceful exploration and use of outer space. Pakistan has ratified five United Nations space treaties and is a member of various organizations; such as Asia Pacific Space Cooperation Organization (APSCO), Committee on Space Research (COSPAR), Asia-Oceania Space Weather Alliance (AOSWA), International Astronautical Federation (IAF), Asian Association for Remote Sensing (AARS), Inter-Islamic Network on Space Sciences and Technology (ISNET).
