Committee on the Peaceful

Uses of Outer Space

Legal Subcommittee

Sixtieth session

Vienna, 31 May – 11 June 2021

**Request for observer status with the United Nations
Committee on the Peaceful Uses of Outer Space: application
of the International Institute for the Unification of Private
Law (UNIDROIT)**

Note by the Secretariat

1. At its thirty-third session, in 1990, the Committee considered guidelines for granting observer status with the Committee to international intergovernmental and non-governmental organizations. The possible criteria suggested by the Outer Space Affairs Division to the Committee at that time were the following:

(a) As part of its programme, the organization should be concerned with matters falling within the competence of the Committee on the Peaceful Uses of Outer Space;

(b) The aims and purposes of the organization should be in conformity with the spirit, purposes and principles of the Charter of the United Nations;

(c) The organization should be a recognized international organization and should have an established headquarters, an executive officer, and a constitution, a copy of which is deposited with the Secretary-General of the United Nations. In the case of a non-governmental organization, it should be a non-profit organization.

2. While the Committee's decision did not specifically include the elements referred to in 1(c) above, it has been the practice of the Committee, since its decision in 1990, to have before it the constitution or statutes of the organization or entity requesting observer status.

3. On 22 March 2021 the Office for Outer Space Affairs received an application for observer status with the Committee on the Peaceful Uses of Outer Space from the

International Institute for the Unification of Private Law (UNIDROIT). The following related correspondence received from UNIDROIT is attached to this document:

- (a) Letter from UNIDROIT describing its mission and objectives and stating its intention to become a permanent observer of the Committee;
 - (b) UNIDROIT Statute, and incorporating the amendment to Article 6(1) which entered into force on 26 March 1993 (English and French);
 - (c) UNIDROIT Headquarters Agreement (Italian); and
 - (d) UNGA Resolution 68/121 on Observer status for the International Institute for the Unification of Private Law in the General Assembly.

Dear Ms Di Pippo,

This letter is to present a request by the International Institute for the Unification of Private Law (UNIDROIT) to obtain the status of Permanent Observer at the United Nations Committee on the Peaceful Uses of Outer Space (COPUOS).

UNIDROIT is an independent intergovernmental Organisation located in Rome, Italy. Set up in 1926 as an auxiliary organ of the League of Nations, UNIDROIT has 63 member States drawn from a variety of different legal as well as cultural backgrounds. The Institute's purpose is to develop methods for modernising, harmonising and co-ordinating international private and commercial law and to formulate uniform law instruments, principles and rules. Its work facilitates trade, contributes to international sustainable development, promotes education, advances international cooperation and exchange, and closes cultural gaps. It has over the years prepared more than seventy studies and drafts, many of which have resulted in international instruments, including international Conventions, Model Laws, Principles and Legal and Contractual Guides.

One of UNIDROIT's projects which closely relates to the work of COPUOS is the Protocol to the Convention on International Interests in Mobile Equipment on Matters specific to Space Assets (the "Space Protocol"). Adopted in 2012 at a Diplomatic Conference in Berlin, the Space Protocol introduces a uniform regime to govern the creation, perfection, and enforcement of international interests in space assets. It provides a practical solution to render asset-based financing more accessible to an industry that is presently searching for innovative ways to obtain capital for space-based services and activities. The Space Protocol will reduce the cost of financing of space assets as a result of the increased level of transparency and predictability for financiers, thereby making financing more widely available to a greater number of players in the commercial space sector. Such an instrument will, in particular, help bring much-needed financial resources to emerging space economies.

The UNIDROIT Secretariat has worked in cooperation with the United Nations Office for Outer Space Affairs and COPUOS at various events, seminars, and occasions in general with regard to matters associated to the Space Protocol and the application of private law in outer space. In order to keep informed with the latest space-related developments, especially with regard to the space economy; to continue to inform COPUOS Member States of the implementation status of the Space Protocol; as well as to stay current in utilising the benefits of the peaceful uses of outer space for sustainable development, UNIDROIT seeks the status of Permanent Observer at COPUOS.

To fulfil the procedural requirements of showcasing UNIDROIT as an intergovernmental organisation, please find attached a copy of the UNIDROIT Statute (in English and French) and Headquarters Agreement (in Italian). Please also find attached Resolution 68/121 of the United Nations General Assembly which grants Observer Status to UNIDROIT at the General Assembly.

Please do not hesitate to contact us should you require any additional documentation. We are confident that this will further the already existing relationship between our two organisations and enable many opportunities for us to collaborate further.

Thank you for your consideration.

Yours sincerely,

Professor Ignacio Tirado

Article 18

1. – The undertaking of the Italian Government to provide an annual subsidy and premises for the Institute, as provided in Article 16, is given for a period of six years. It will continue to be effective for a further period of six years if the Italian Government has not notified the other participating Governments at least two years prior to the end of the current period, of its intention to terminate this assistance. In such an event the President shall convene a session of the General Assembly, if need be an extraordinary session.

2. – If the General Assembly should decide to wind up the Institute, it shall be the duty of the General Assembly, without prejudice to the provisions of the Statute and of the Regulations concerning the Working Capital Fund, to take all appropriate measures with regard to the property acquired by the Institute in the course of its operation, especially the archives and collections of documents and books or periodicals.

3. – Nevertheless, it is understood that in such circumstances the land, buildings and movables that have been put at the disposal of the Institute by the Italian Government will be returned to that Government.

Dans le cas où deux commissaires aux comptes seraient nommés, ils devront appartenir à des nationalités différentes.

4. – Le Gouvernement italien n'encourra aucune responsabilité, financière ou autre, du fait de l'administration de l'Institut, ni aucune responsabilité civile du fait du fonctionnement de ses services et notamment à l'égard du personnel de l'Institut.

Article 18

1. – L'engagement du Gouvernement italien concernant la subvention annuelle et les locaux de l'Institut dont il est question à l'article 16, est stipulé pour une durée de six ans. Il continuera à être en vigueur pour une nouvelle période de six ans, si le Gouvernement italien n'a pas notifié aux autres Gouvernements participants son intention d'en faire cesser les effets, deux ans au moins avant la fin de la période en cours. En pareil cas, l'Assemblée Générale sera convoquée par le Président, au besoin en session extraordinaire.

2. – Il appartiendra à l'Assemblée Générale, au cas où elle déciderait la suppression de l'Institut, de prendre, sans préjudice des dispositions du Statut et du Règlement relatives au Fonds de roulement, toute mesure utile concernant les propriétés acquises par l'Institut au cours de son fonctionnement et notamment les archives et collections de documents et livres ou périodiques.

3. – Il est toutefois entendu qu'en pareil cas les terrains, bâtiments et objets mobiliers mis à la disposition de l'Institut par le Gouvernement italien feront retour à ce dernier.

*Interpretation of Article 7^{bis} of the Statute, approved at the
eleventh session of the General Assembly
(30 April 1953)*

The General Assembly,

Considering the Resolution, adopted by the Assembly on 18 January 1952, which amends the Statute of the Institute;

Considering that according to the second sentence of the first paragraph of Article 7^{bis} of the Statute which deals with the jurisdiction of the Administrative Tribunal "any dispute arising from contractual relations between the Institute and third parties shall be submitted to the Tribunal, provided that its jurisdiction is expressly recognised by the parties in the contract giving rise to the dispute";

Considering the advisability of further defining the extent of the jurisdiction which may be assumed by the Administrative Tribunal in accordance with the above provision;

Declarés

(1) That the expression "any dispute arising from contractual relations between the Institute and third parties" which may be submitted to the Administrative Tribunal of the Institute in the circumstances envisaged in Article 7^{bis} of the Statute, relates exclusively to any dispute concerning obligations arising from contracts concluded between the Institute and third parties.

(2) That the jurisdiction of the Administrative Tribunal in respect of disputes arising from contractual relations between the Institute and third parties cannot be considered "expressly recognised" unless such recognition is expressed in writing.

Considérant qu'aux termes de la deuxième phrase du premier paragraphe de l'article 7^{bis} du Statut concernant la compétence du Tribunal Administratif "les différends naissant de rapports contractuels entre l'Institut et les tiers, seront soumis à ce Tribunal à la condition que cette compétence soit expressément reconnue par les parties dans le contrat donnant lieu au litige";

Considérant l'opportunité de préciser la portée de la compétence qui peut être attribuée au Tribunal Administratif en vertu de ladite disposition;

D é c l a r e

1) Que l'expression "les différends naissant de rapports contractuels entre l'Institut et les tiers" qui pourront être soumis au Tribunal Administratif de l'Institut dans les conditions prévues à l'article 7^{bis} du Statut organique, vise exclusivement les différends concernant les obligations naissant de contrats passés entre l'Institut et les tiers.

2) Que la compétence du Tribunal Administratif à l'égard des différends naissant de rapports contractuels entre l'Institut et les tiers ne pourra être considérée comme "expressément reconnue" que pour autant que cette reconnaissance résultera d'un acte écrit.
