Airlock

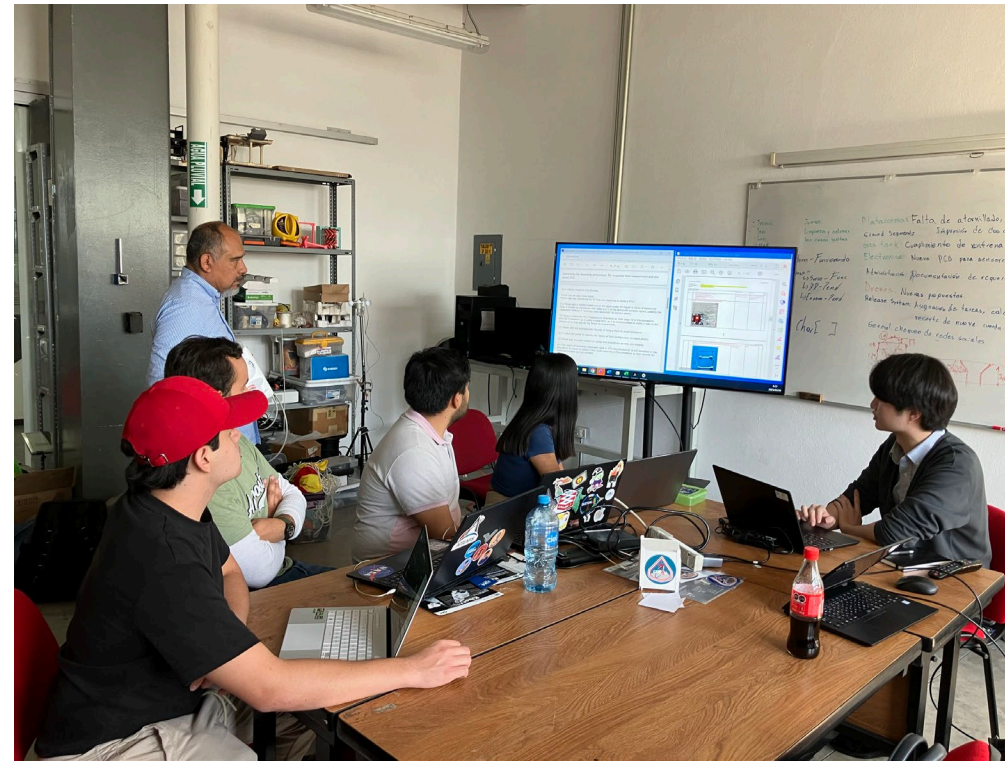

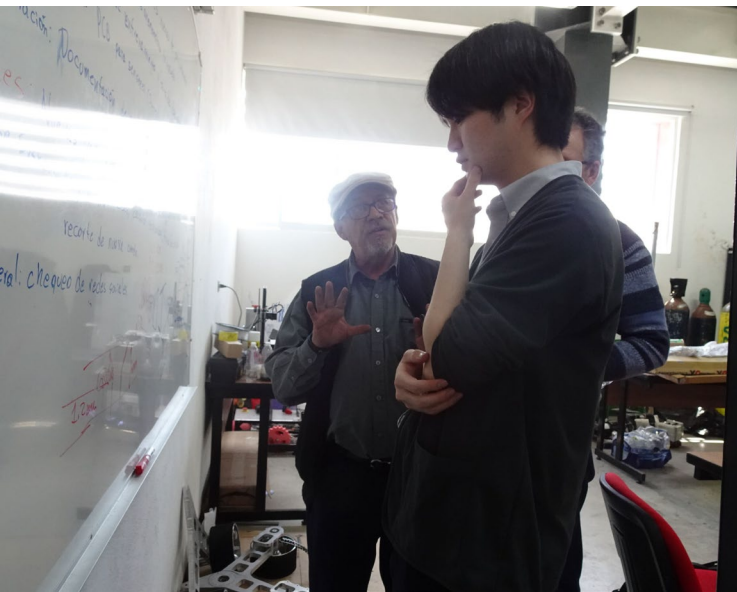

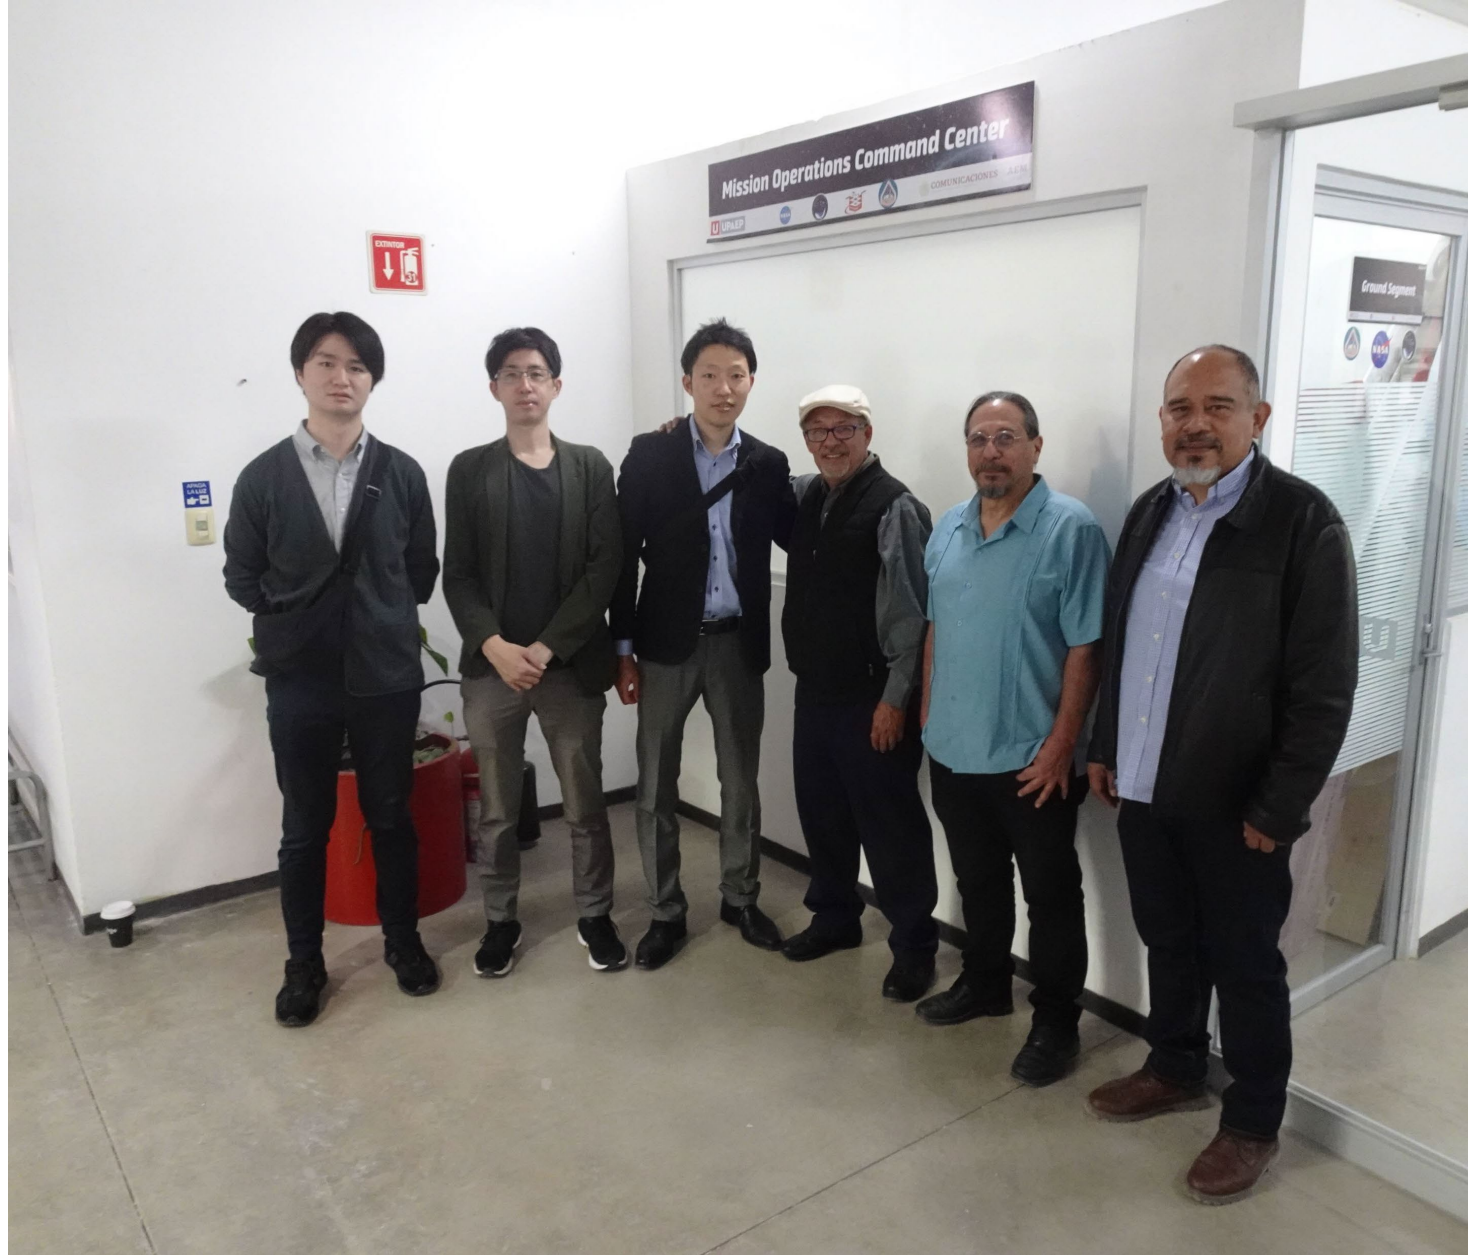

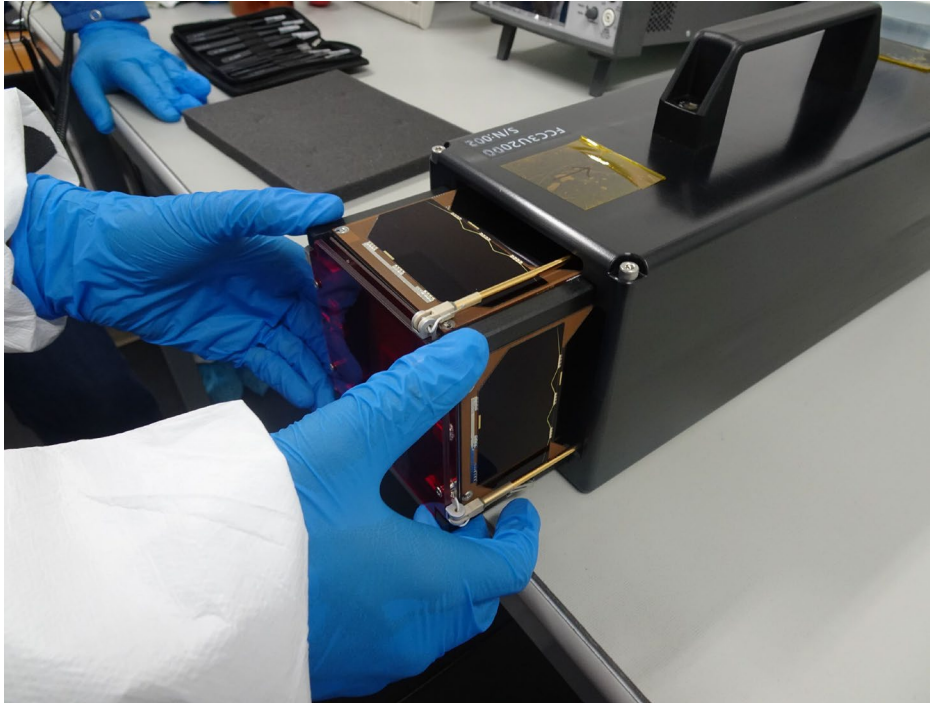

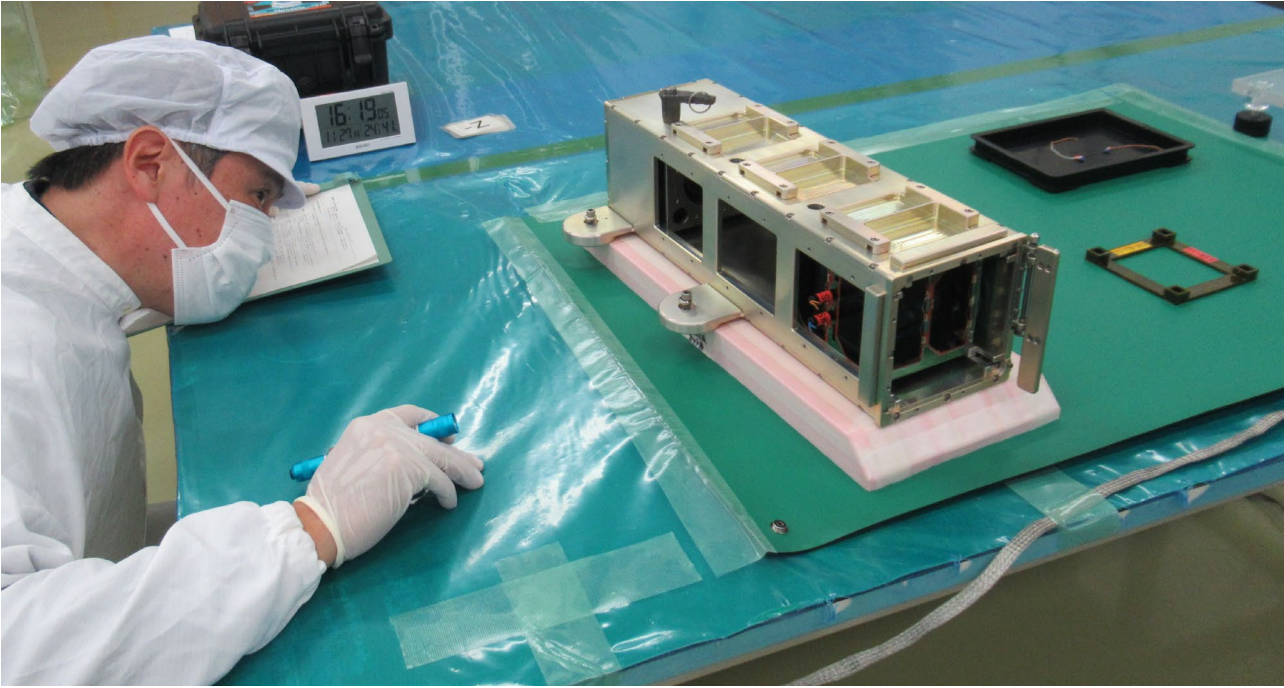

Bi-weekly or more we will have a meeting to discuss procurement, safety review, development status, etc.

UPAEP
Sistemas Embebidos

We will visit your country!

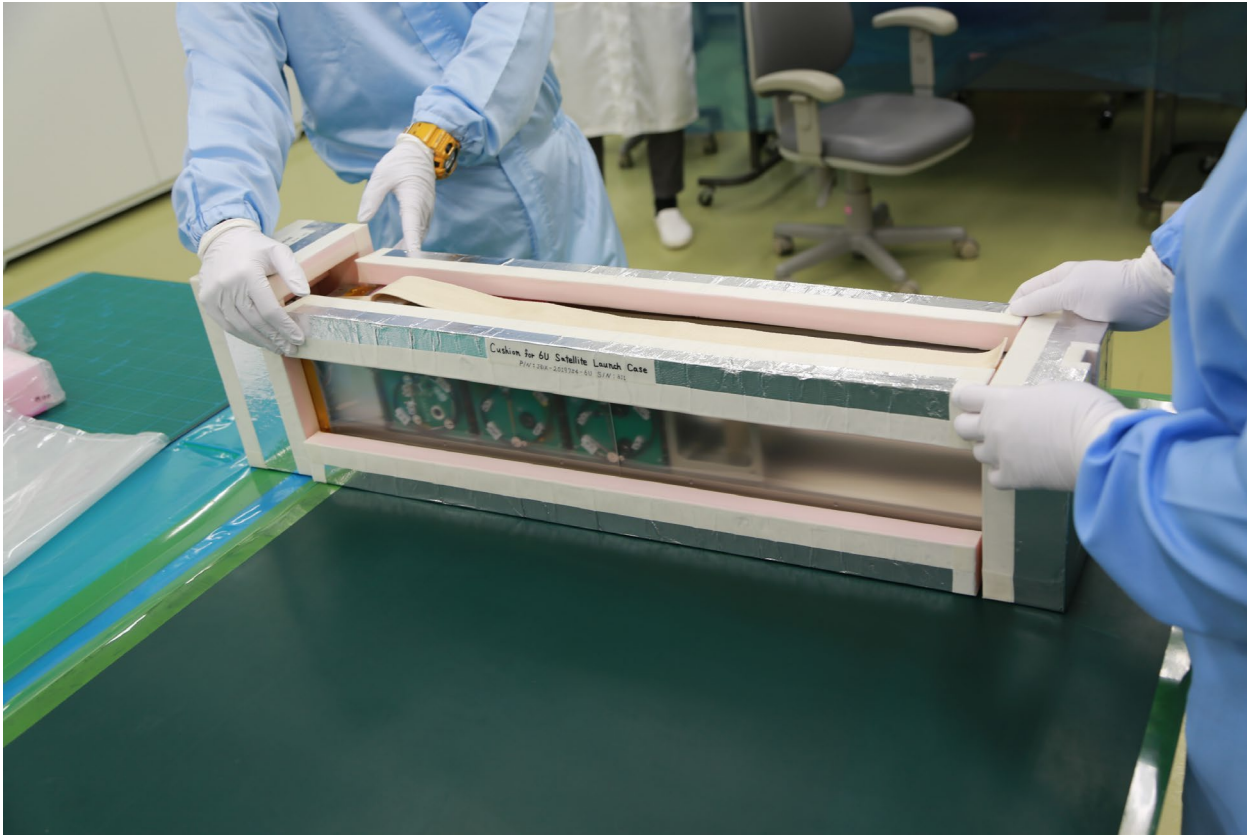

Final check

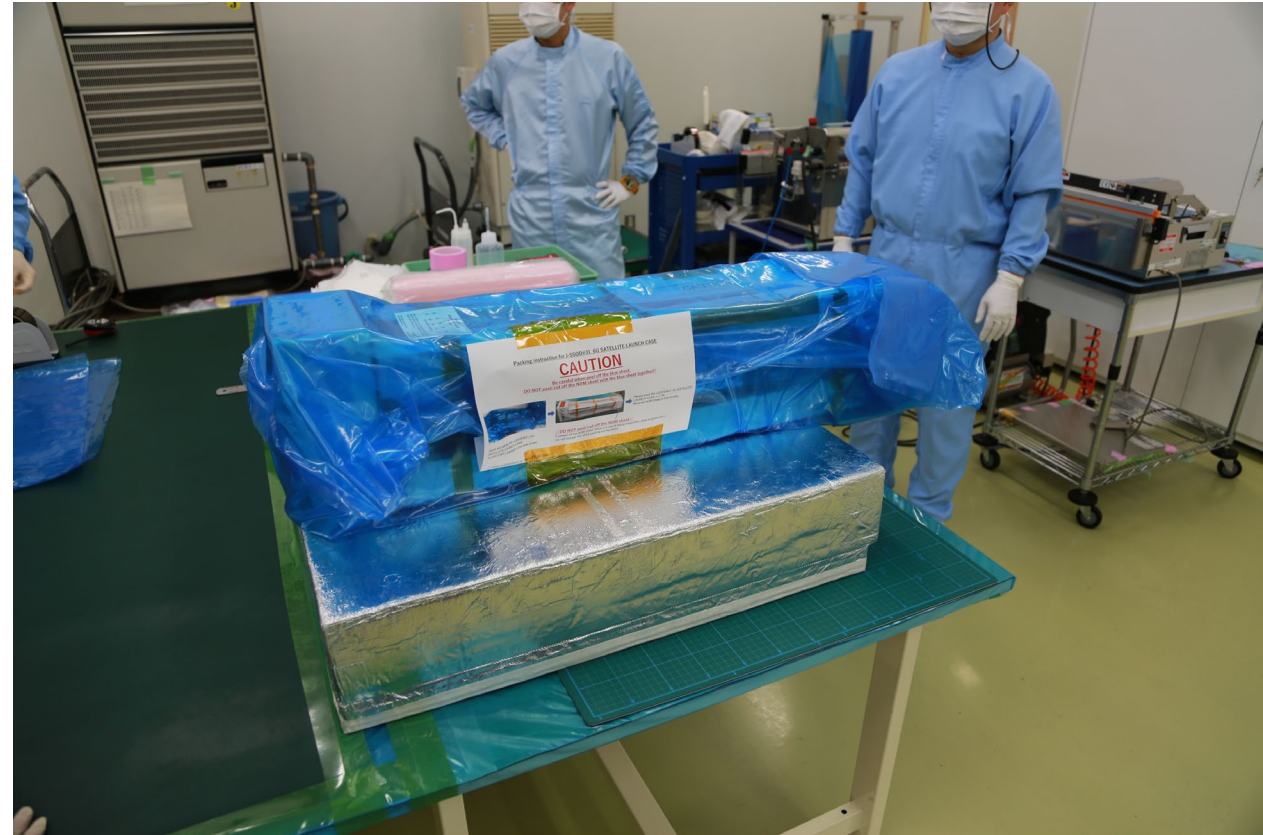

Handover

Installation to the Case

Covered with Cushion

Packed in Sheet

Transported to the launch site

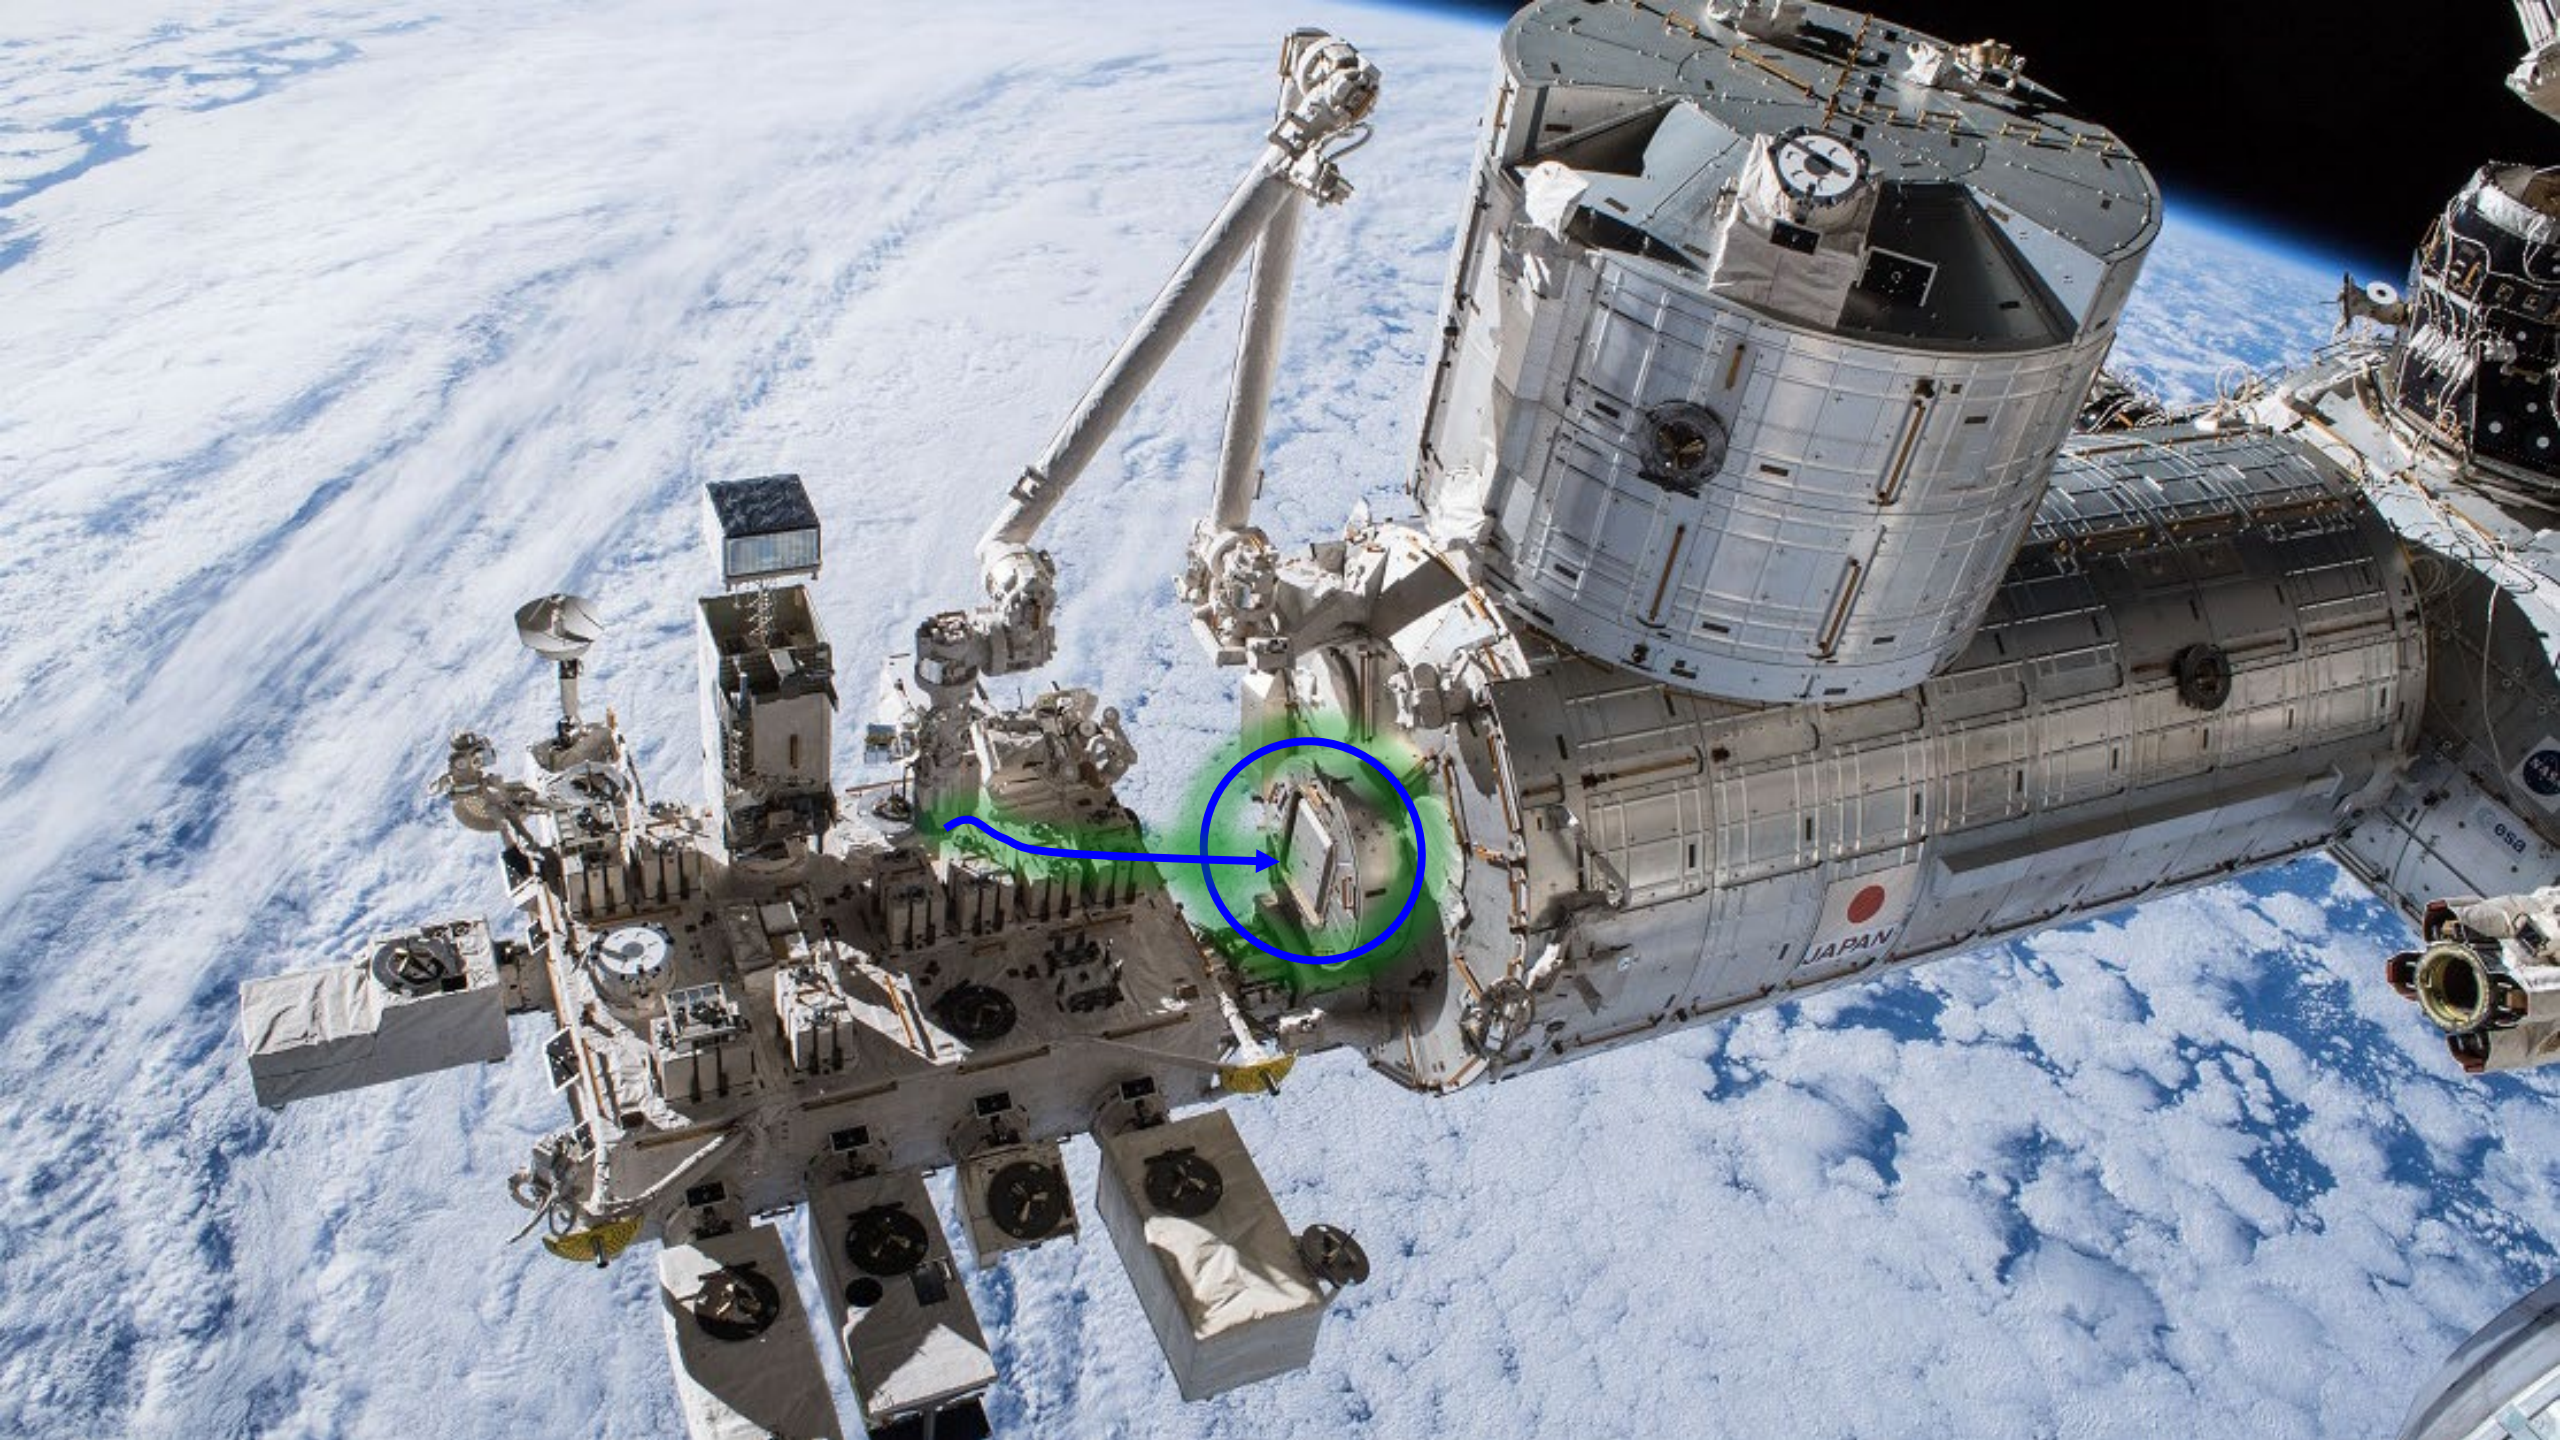

Fly to the ISS

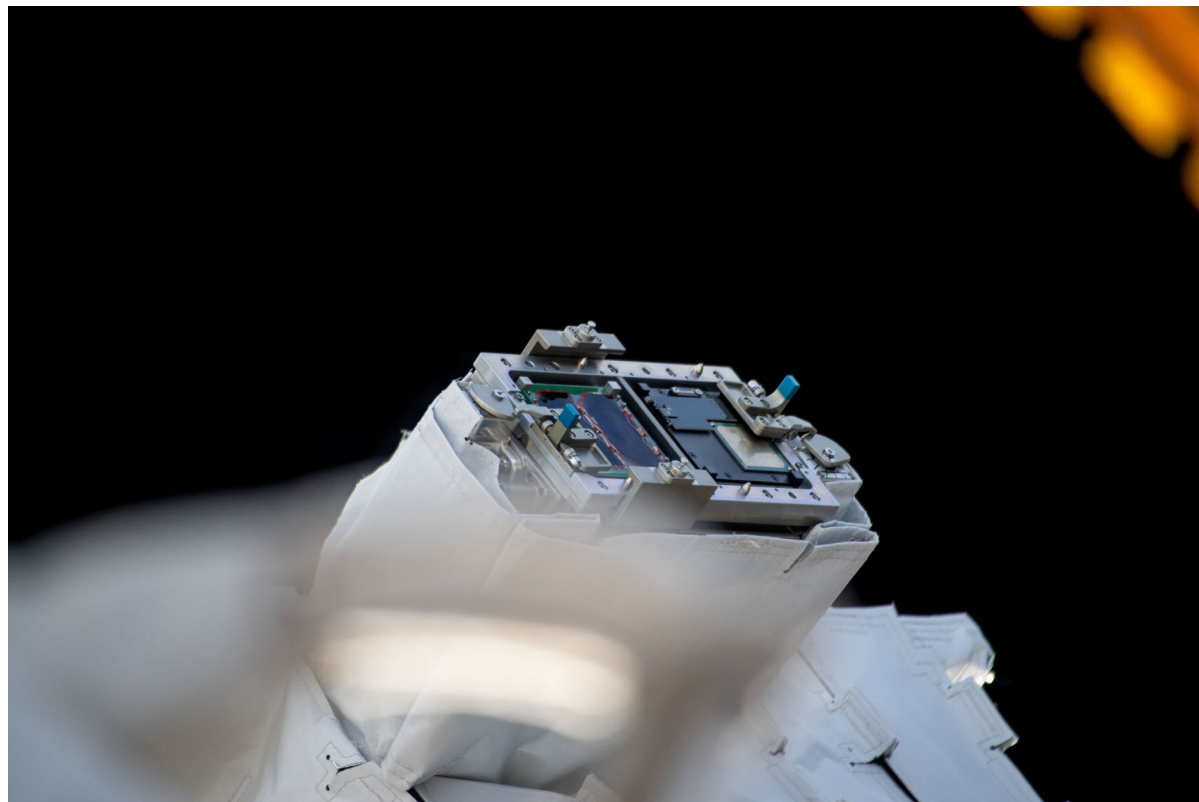

Unpacking in the ISS

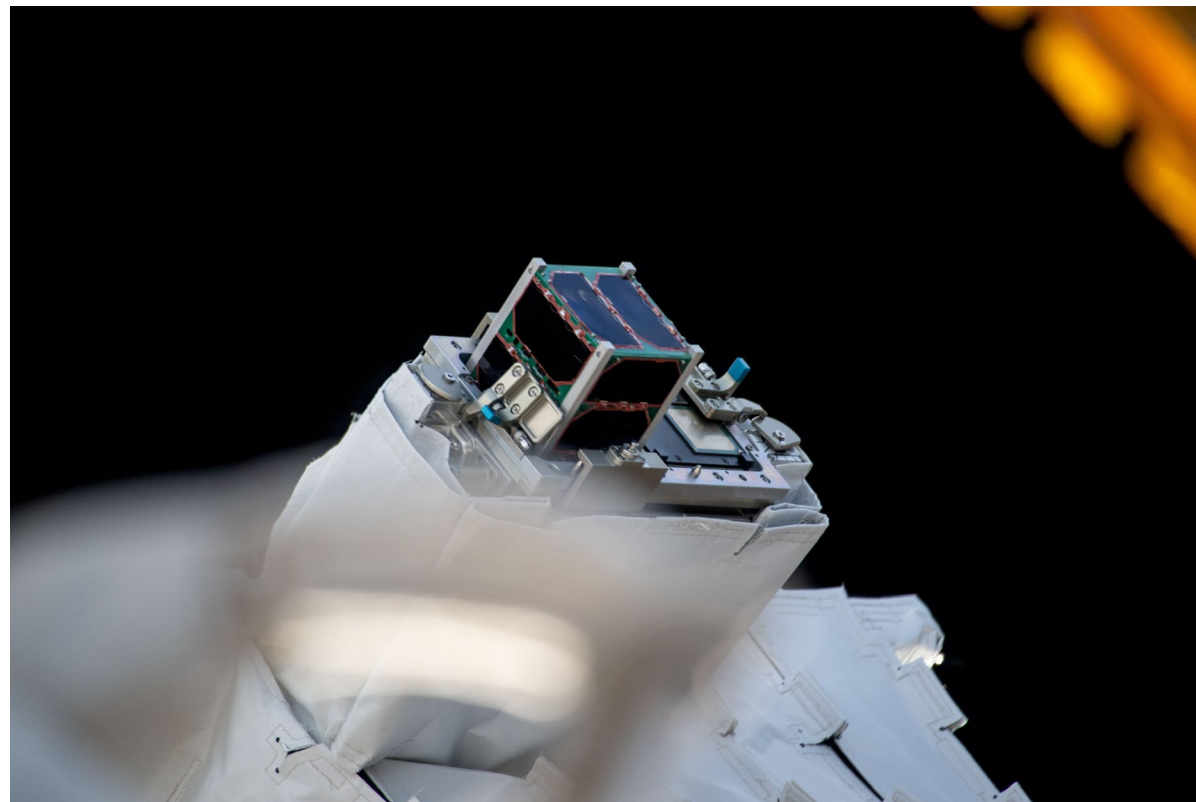

Attaching to the Platform

Standing by...

Deploy!

We did it!

Yet the journey just begun...

Thank you for your kind attention
