

# TEMPLATE A

## RESPONSE FOR SOLUTIONS: “Space2030” Agenda Mid-term Review

### For Member States

NOTE BY SECRETARIAT: the following template is designed to allow Member States of the United Nations and permanent observer organizations with COPUOS to provide standardized responses to any of the 4 Overarching Objectives, and showcase their space solutions

<b>Overarching objective [1-4]</b>	4.3
<b>Country/Observer Organization</b>	Colombia
<b>Project partners</b>	ISRO(India), NASA(USA), AEB(Brazil), KTH & SSC(Sweden)
<b>Short Project summary and goals</b>	Signing of Intention letters, and Memorandums of Understanding for the development of the space field by international cooperation initiatives between the above mentioned countries and Colombia, overviewed by several Colombian institutions.
<b>Relevant SDGs</b>	17
<b>Space/Satellite solution:</b>	The space solutions will be implemented as a result of the technical execution of the agreements.
<b>Project impact</b>	From the Ministry of Science, Technology and Innovation with its project managers have been carried out: <ul style="list-style-type: none"><li>● Outreach and technical meetings between stakeholders for the implementation of the agreements</li><li>● Establishment of work plans and joint actions to be carried out.</li><li>● Artemis agreements</li><li>● Strengthening of bilateral relations in space matters</li></ul>
