

# TEMPLATE C

## TOOLS: “Space2030” Agenda Mid-term Review

### For Member States

**NOTE BY THE SECRETARIAT:** In implementing the “Space2030” Agenda, Member States could contribute to and benefit from a number of international and regional mechanisms, programmes, projects and platforms that are already in place or are being developed ([A/RES/76/3](#), paras. 24 and 25).

The responses on recent UNOOSA capacity-building activities would be greatly appreciated by the Office to determine the longer-term impact of our capacity-building activities and identify positive case studies.

1. Have you benefitted from any of the “Tools”, listed in paragraph 24?

Yes ☒ No ☐

If YES, please indicate those mechanisms, and please summarize the impact [max 200 words]

|                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                              |
|----------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UN-SPIDER                                                            | <ul style="list-style-type: none"><li>- Profesionales capacitados en temas de uso de información espacial para control de inundaciones.</li><li>- Coordinación para el establecimiento de lazos de cooperación con el centro de Ciencia e Ingeniería espacial de la Universidad de Wisconsin.</li><li>- Somos usuarios de su plataforma de buenas prácticas. Incluso se han propuesto mejoras en sus aplicaciones.</li></ul> |
| Charter for Major Disasters                                          | Se ha activado el Charter en 5 ocasiones para diferentes eventos relacionados con inundaciones, deslizamientos, sismos y erupciones volcánicas.                                                                                                                                                                                                                                                                              |
| Los centros regionales de formación en ciencia y tecnología espacial | El Salvador ha sido beneficiado de diferentes capacitaciones presenciales y virtuales de los centros. Incluyendo los programas de maestría.                                                                                                                                                                                                                                                                                  |
| El Sistema Integrado de Observación Mundial de la OMM.               | Como estado miembro se hace uso de las herramientas de la OMM.                                                                                                                                                                                                                                                                                                                                                               |

2. In addition, several tools and initiatives have been and are being developed by the United Nations Office for Outer Space Affairs (UNOOSA), as part of its capacity-building for the twenty-first century, and in cooperation with its partners ([A/RES/76/3](#), para. 25), as listed in paragraph 25, subsections (a)-(i) of the “Space2030” Agenda;

2.1. Have you benefitted from any of the “Tools”, developed by UNOOSA, listed in paragraph 25?

Yes ☐ No ☐

If YES, please indicate those mechanisms, and please summarize the impact [max 200 words]

3. As the lists contained in paragraphs 24 and 25 of the “Space2030” Agenda and implementation plan are not exhaustive, and new initiatives could be developed, including by UNOOSA, with a view to assisting Member States in implementing the “Space2030” Agenda, please indicate additional relevant Tools and any proposed enhancements to the ones listed. [max 200 words]

| <b>Tools (new or enhanced existing ones)</b> | <b>How they could benefit your country</b> |
|----------------------------------------------|--------------------------------------------|
|                                              |                                            |
|                                              |                                            |
|                                              |                                            |
|                                              |                                            |
