

**World Space Forum 2020
'Space for our Future'**

**Session 3:
Space for Economy**

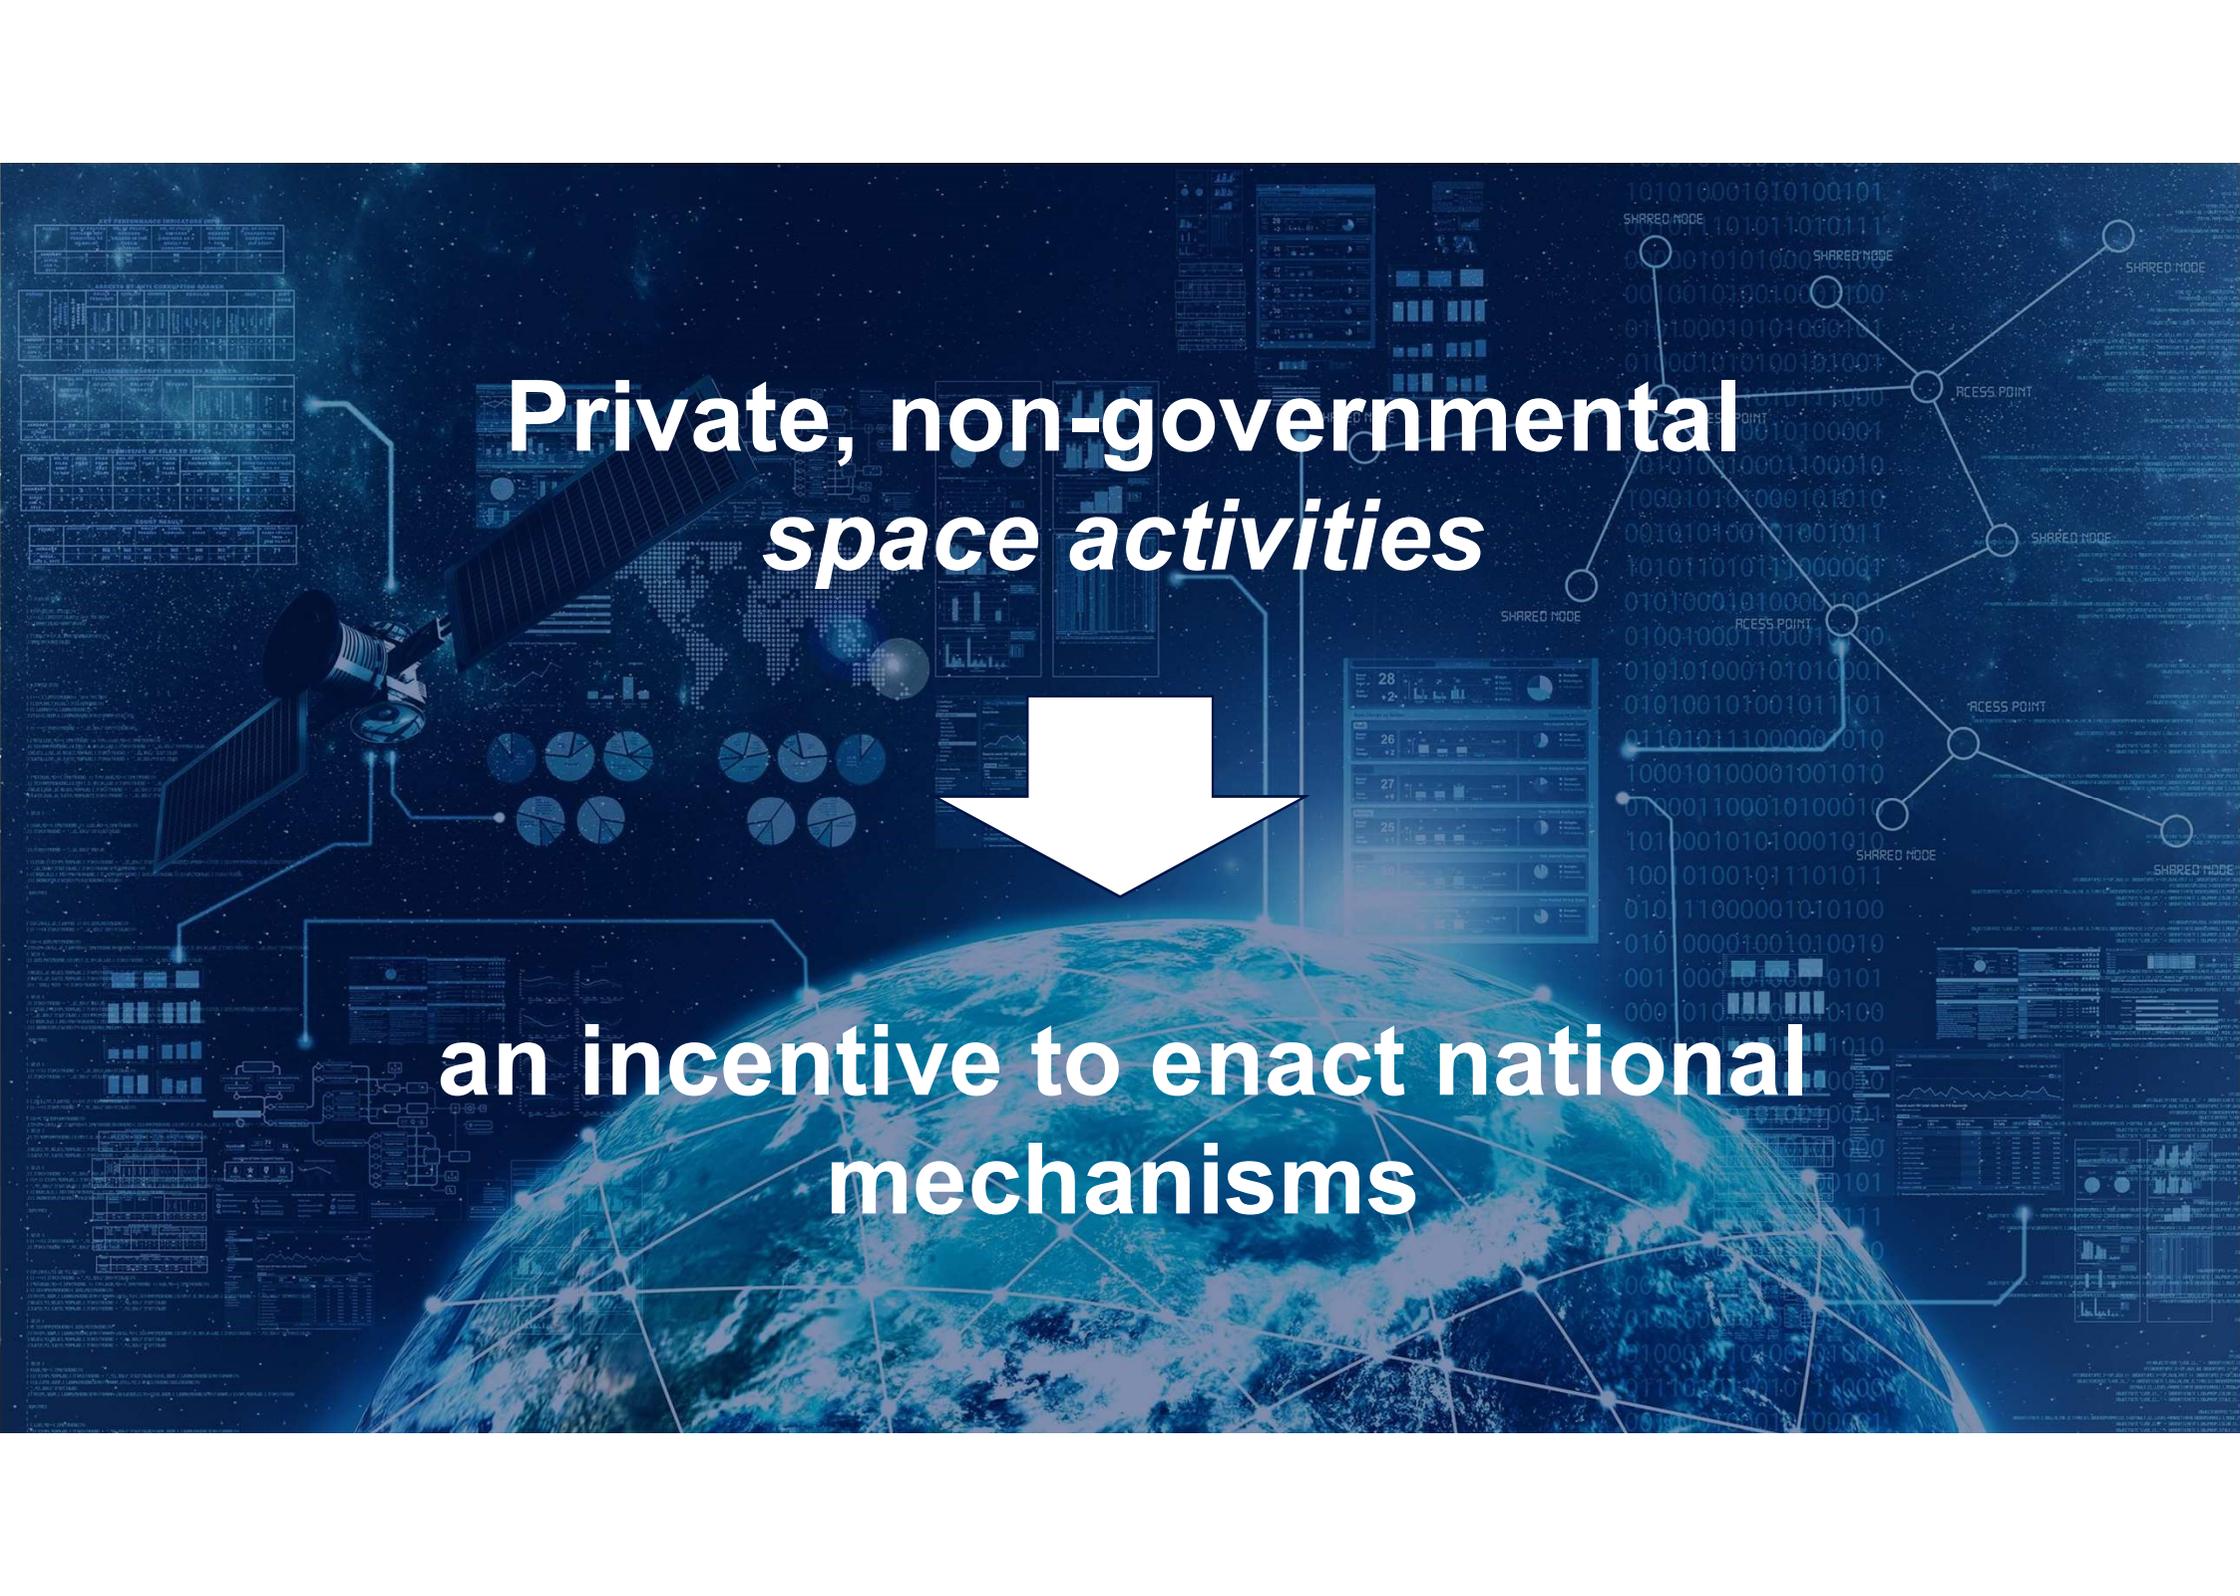

**A New Spacefaring State's Perspective to
Space Activities Governance**

**Jenni Tapio
Ministry of Economic Affairs and Employment of Finland**

10.12.2020

Ministry of Economic Affairs
and Employment of Finland

The background is a complex digital interface with a dark blue color scheme. At the top left, there's a satellite with solar panels. The interface is filled with various data visualizations: bar charts, pie charts, and line graphs. On the right side, there's a network diagram with nodes labeled 'SHARED NODE' and 'ACCESS POINT'. At the bottom, a globe of the Earth is shown with a network of white lines connecting various points on its surface. The overall aesthetic is high-tech and data-driven.

**Private, non-governmental
*space activities***

**an incentive to enact national
mechanisms**

**Sustainable
growth of the
space sector**

**Long-term
sustainability**

**Encourage
private activity
Clarity,
predictability**

**Space Debris
Mitigation
Environmental
impact on Earth**
