National Space Council

EXECUTIVE ORDERS

Presidential Executive Order on Reviving the National Space Council

— INFRASTRUCTURE & TECHNOLOGY | Issued on: June 30, 2017

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to provide a coordinated process for developing and monitoring the implementation of national space policy and strategy, it is hereby ordered as follows:

Section 1. Purpose. The National Space Council (Council) was established by Title V of Public Law 100-685 and Executive Order 12675 of April 20, 1989 (Establishing the National Space Council). The Council was tasked with advising and assisting the President regarding national space policy and strategy. The Council was never formally disestablished, but it effectively ceased operation in 1993. This order revives the Council and provides additional details regarding its duties and responsibilities.

Sec. 2. Revival and Composition of the National Space Council. (a) The Council is hereby revived and shall resume operations.
