

# INTERNATIONAL CHARTER SPACE & MAJOR DISASTER

The Charter is a worldwide collaboration among space agencies to make satellite data available 24/7 for the benefit of disaster management authorities during the response phase of an emergency, at no cost to the user.

The principle of **Universal Access** opens registration to any national disaster management authority.

**All delegations are invited to join us to learn more:**

5th June 2023 14h00 – 15h00 CEST

Conference room 7

Vienna International Center
