

# Perspectives on improved access to space for all and socioeconomic benefits from space activities

Co-organized by the German UN Mission Vienna and the German Space Agency at DLR

**27 June 2025 | 13:10 - 14:00 CEST | ROOM M2**

Space applications are integral to our daily lives, providing benefits to all humankind. The Space2030 Agenda reaffirms and aims to strengthen the contributions of space activities to sustainable development for all. We invite you to join us for a Side Event focusing on the implementation of [Overarching Objective 3](#) of the [Space2030 Agenda](#). Representatives of all COPUOS regional groups will share their perspectives, united in recognizing the shared interest of humanity in the peaceful exploration and use of outer space, and in strengthening international cooperation by taking into account the interests of developing countries and emerging space faring nations.

**Ms. MAREIKE WOERRLE**

Deputy Permanent Representative of Germany to the United Nations and to other International Organizations, Vienna

**Ms. AARTI HOLLA-MAINI**

Director, United Nations Office for Outer Space Affairs (UNOOSA)

**Ms. AMELIE SCHOENENWALD**
