

# Workplan of the Action Team on Lunar Activities Consultation (ATLAC) (2025–2027)

*(To be presented for endorsement at the 68th session of the Committee in 2025)*

In accordance with its mandate, the work of ATLAC is to be without prejudice to the consultations stipulated in Article IX of the Outer Space Treaty and to relevant ongoing efforts within the framework of the Committee and its subcommittees. Its workplan is structured over three years, from 2025 to 2027. The list of potential priority topics could be updated till 2026.

## 2025 – Establishing the workplan

- **Objective:** Define and agree upon a multi-year workplan as well as to consider a list of potential priority topics.
- **Expected outcome:** Endorsement of the ATLAC workplan and an initial list of potential priority topics by the Committee at its sixty-eighth session.

## 2026 – Elaboration of Draft Recommendations

- **Objective:** Conduct focused, expert-level exchanges to develop recommendations aimed at improving consultations related to lunar activities, considering different options, including, for instance, whether to recommend the establishment of an international mechanism. Report on the progress made by ATLAC at the sixty-ninth session of the Committee.
- **Expected outcome:** Consolidated draft recommendations. Further guidance to be provided by the Committee based on the report of ATLAC.

## 2027 – Finalization of Recommendations

- **Objective:** Finalize recommendations on consultations related to lunar activities for consideration and endorsement by the Committee.
- **Expected outcome:** Endorsement of final recommendations by the Committee at its seventieth session.
