U.S. Task Force

# Mission

SPACE GENERATION  
ADVISORY COUNCIL

The mission of the Space Generation Advocacy & Policy Platform is to survey the ideas and activities of the space youth on space policy & advocacy and convey them with a united voice to the global space community.

**Develop, advocate & implement  
united space policy positions  
on behalf of the youth**

**Annual SGAC  
policy positions**

**Coordinate, consolidate, and  
disseminate policy activities  
conducted within SGAC**

**Annual SGAC  
policy overviews**

# Structure

SPACE GENERATION  
ADVISORY COUNCIL

## Space Generation Advocacy and Policy Platform (SGAPP)

### SGAPP Team

- Direct the Platform
- Coordinate SGAC policy & advocacy activities

### Policy Working Groups

Expert groups producing the Platform's annual deliverables through a consultative process

### Regional Divisions

Regional teams championing our SGAC policy positions & overviews at the local level

U.S. Task Force*

# 2022 Focus Areas

SPACE GENERATION  
ADVISORY COUNCIL

SGAPP's 2022 Policy Working Groups will tackle critical challenges for the future of space

## Space for Climate Action

**Rationale:** Contribute to global efforts promoted by the UN Secretary General's "Our Common Agenda" for addressing the challenges of climate change

**Goal:** A SGAC policy report providing the united policy position of the young generations on space for climate action

**Contribute to 2023 UN Summit for the future**

## SGAC for Space Sustainability

**Rationale:** Survey the contributions of the space generation to the sustainable development of space to identify synergies and foster partnerships & collaborations

**Goal:** A SGAC policy overview showcasing the activities conducted across all SGAC segments in the area of space sustainability

**Participate in 2022 World Space Week**

# E.A.G.L.E. Updates

## *Effective & Adaptive Governance for a Lunar Ecosystem*

**The united voice of  
the youth on lunar  
governance**

SPACE GENERATION  
ADVISORY COUNCIL

- Enhanced information sharing
- Minimum coordination tools
- Lunar Governance Charter

# T.U.R.T.L.E. Updates

## *Technical Unit Research for a Thriving Lunar Ecosystem*

**Spearheading  
holistic solutions  
for lunar development**

SPACE GENERATION  
ADVISORY COUNCIL

T.U.R.T.L.E.

- 27 Researchers in 7 Teams
- 5 IAC Papers & 1 Special Session
- Building a new Lunar Exploration Technology Adaptive Roadmap

# U.S. Task Force

## The first SGAPP Regional Division

SPACE GENERATION  
ADVISORY COUNCIL

- Increasing the visibility of SGAC before US policymakers
- Adjusting to new status as SGAPP regional division
- Implementing SGAC's EAGLE Report in the US
- Developing tailored policy memos

# Conclusions

SPACE GENERATION  
ADVISORY COUNCIL

**Enable the space youth to speak with a united voice on critical space policy issues**

**Coordinate and consolidate space policy & advocacy activities throughout SGAC**

**Ensure the representation of the space youth's ideas on our shared future in space**

**Thank you for  
your attention!**

SPACE GENERATION  
ADVISORY COUNCIL

We look forward to cooperating with you:
