STSC: Organisational Considerations

- The fifty-ninth session of the Scientific and Technical Subcommittee of the Committee on the Peaceful Uses of Outer Space is scheduled to be held from 7 - 18 February 2022, in Vienna, Austria.
- In light of the ongoing COVID-19 pandemic and the associated restrictions, the session will be held in a hybrid format.
- In this regard, consideration needs to be given to:
 - the exceptional circumstances posed by the pandemic;
 - the high level of unpredictability as to how the situation will evolve in the coming months;
 - the current health and safety measures, including travel restrictions and minimum distancing requirements; and
 - the conference room capacities at the VIC.
- The meeting format will be of an exceptional and temporary nature and will not set a precedent.

STSC: Summary of Organizational Arrangements

- Hybrid format. Open plenary meetings and technical presentations to be webcast.
- STSC plenary meetings and formal Working Group meetings (Interpretation into official UN languages, Interpretify - digital platform for UN official meetings - limited to 2 x 2 hours per day).
- Plenary statements to be limited to seven minutes.
- Technical presentation to be limited to twelve minutes (No interpretation, but can be delivered in any of the six Official UN Languages, however, there will be no interpretation, MS Teams).
- Working Group Informals (No interpretation, MS Teams).
- List of participants to be finalized within the week after the session (corrections by delegations reflecting full virtual and physical attendance submitted to the Secretariat).

IMPORTANT: Accreditation details (names, email addresses, etc.) are to be provided in editable format
