

## **Paragraph for inclusion in the draft report of the Working Group of the Whole**

8 bis. The Working Group noted that informal consultations led by the delegation of Romania had been held on the establishment of an action team to study a potential consultative mechanism for lunar activities within the framework of the Committee. The Working Group noted the importance of that matter and that it was desirable to have a dedicated forum to further assess lunar and cislunar coordination and consultation activities. The Working Group requested the delegation of Romania to submit its proposal for the establishment of an action team under the framework of the Committee to the Legal Subcommittee at its sixty-third session, in 2024, under the Subcommittee's agenda item on the future role and method of work of the Committee, for further discussion so that the final decision was made by the Committee at its sixty-seventh session, in 2024.
