# Multi-country Workshops on Space Applications (2017)

Series of workshops organised under the Technical Assistance Information Exchange Instrument of the European Commission – funding from Partnership Instrument for non-EU participants and EU experts:

**7-8 September 2017, Santiago, Chile**, in cooperation with Chilean Ministry of Transport and Telecommunications, 100 participants from **Chile, Argentina, Brazil**

**11-12 September 2017, La Paz, Bolivia**, in cooperation with Ministry of Development Planning, appr. 70 participants from **Bolivia, Colombia, Ecuador, Paraguay, Peru**

# Multi-country Workshops on Space Applications (2018)

**18-19 September 2018, Bangkok, Thailand**, together with ASEAN Secretariat and GISTDA-Thailand. **103 participants from 10** countries (Thailand, Cambodia, India, Indonesia, Lao, Malaysia, Myanmar, Philippines, Singapore, Vietnam) **and ASEAN Secretariat** (<https://spaceappsbangkok.eventsite.be>)

Participants: national space agencies/institutes, relevant national ministries, air force, universities and research centres, local business associations, EU chambers of commerce, EU companies

Experts: EC, ESA, EU member states (Italy-ASI, France – CNES, Spain's Centre for Development of Industrial Technology, Netherlands, Germany – DLR, Estonia), EU industry (downstream applications or receivers)

# Objectives

- Raise awareness of GNSS among potential users, including policy-makers, facilitate indigenous user need identification, provide opportunity for experience and knowledge sharing
- Familiarise international partners with Galileo and Copernicus
- Identify opportunities for international partner cooperation with European stakeholders from government, academia and industry

# EU capacity-building activities on GNSS

- *Lessons learnt*
- *Follow-up*
- *Next steps...*

# Thank YOU

**Any questions?**
