IAF ACCESS

30th UN/IAF Workshop on Space Technology for Socio-Economic Benefits: "Challenges and Capacity-building Opportunities for Emerging Space Nations"

Baku, Azerbaijan
29, September 2023

IAF Administrative Committee for Connecting Emerging Space ecoSystems (ACCESS)

Objectives

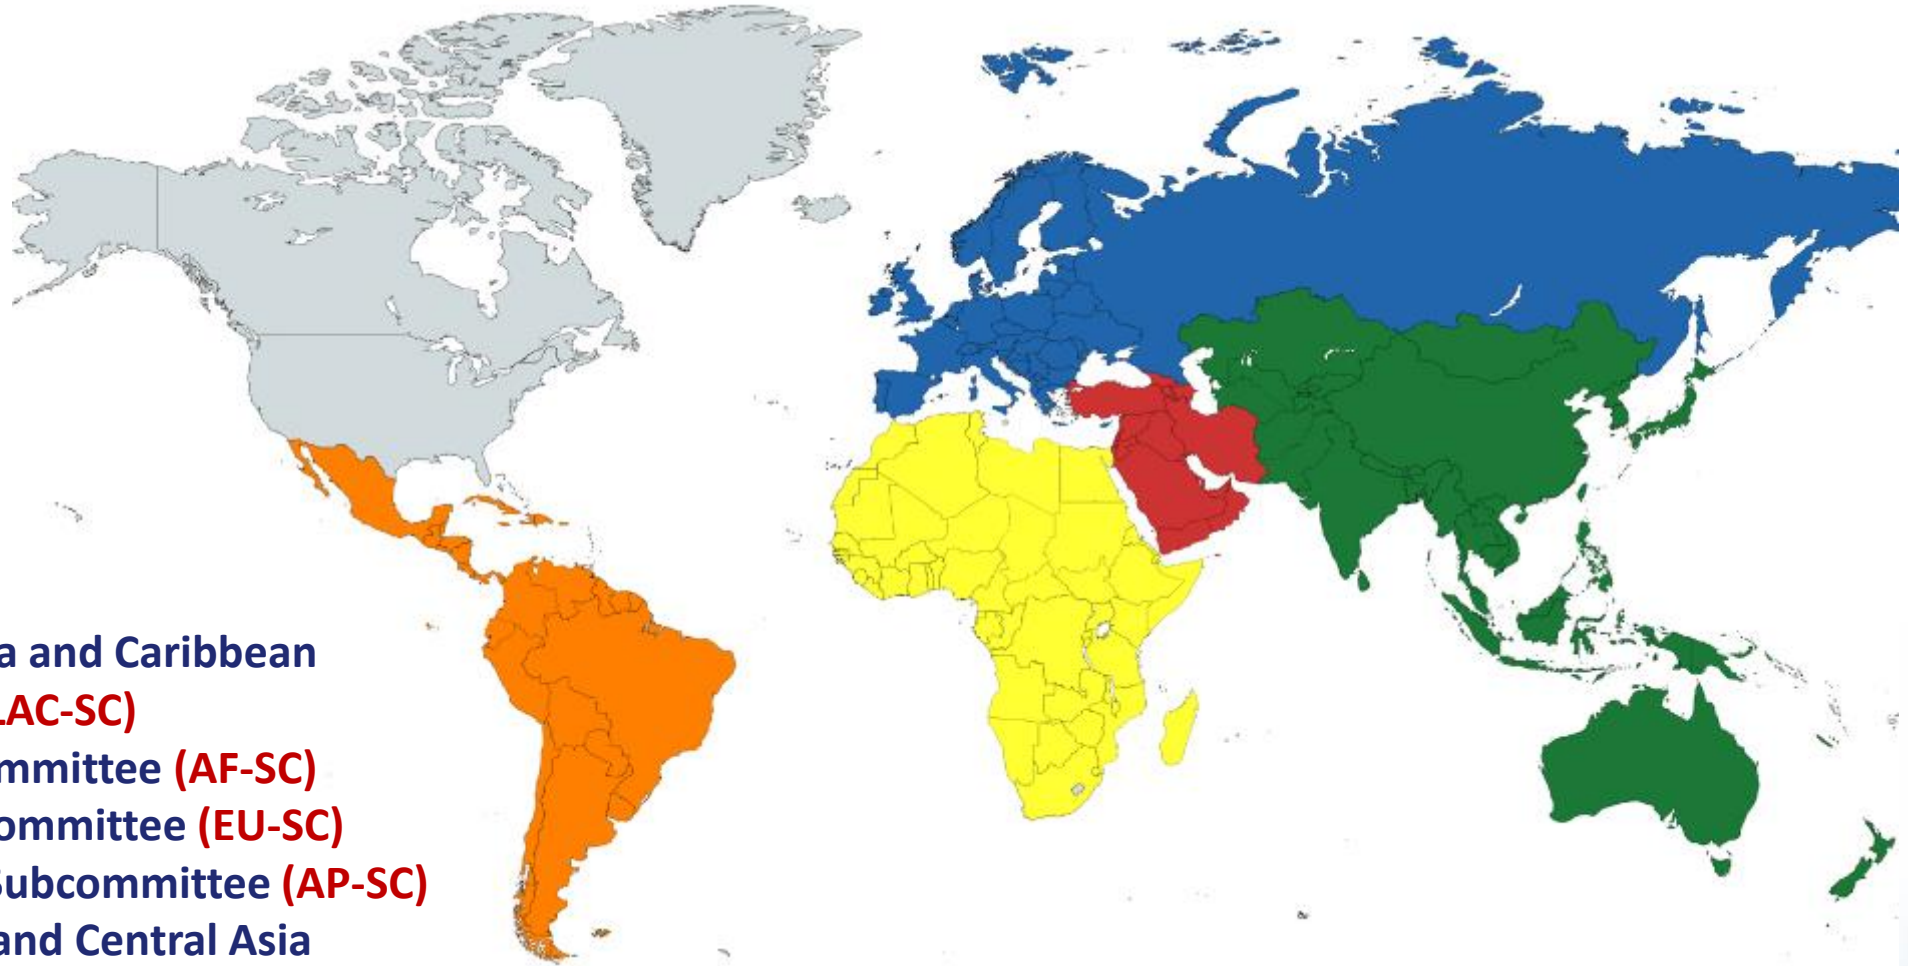

- Perpetuate the strong legacy left behind from very successful IAF Global Conferences for Emerging Countries - GLEC 2019 in Marrakech, Morocco and IAF GLEC 2022 in Quito, Ecuador
- **Reshape the former ACDCEC with stronger connections and actions from the newly rebranded and established regional ACCESS Subcommittees**
- Align the participation of emerging countries with IAF President's SIS agenda for "*Sustainability, Investment, and Security*"
- **Foster the IAF "3G+" Diversity initiative through ACCESS and its five Subcommittees**

ACCESS Activities & Opportunities

Activities:

- Successful Global Conference on Space for Emerging Countries GLEC 2022 (Quito, Ecuador)
- Spring Meetings 2023 ACCESS Rebranding at IDEA 3G Luncheon
- Regional Connection to IAF Members and consolidation of Subcommittee Leadership and Membership
- Connection to Governments and Local Organizations

Opportunities:

- Emerging Space Leader & Young Space Leader Award Endorsement
- IAF Launchpad Mentorship Programme
- Present Collaboration in the 30th UN/IAF Workshop and in future editions
- NEXT Global Conference on Space for Emerging Countries (GLEC)

**Administrative Committee for Connecting Emerging Space ecoSystems

ACCESS - IAC2023 Activities

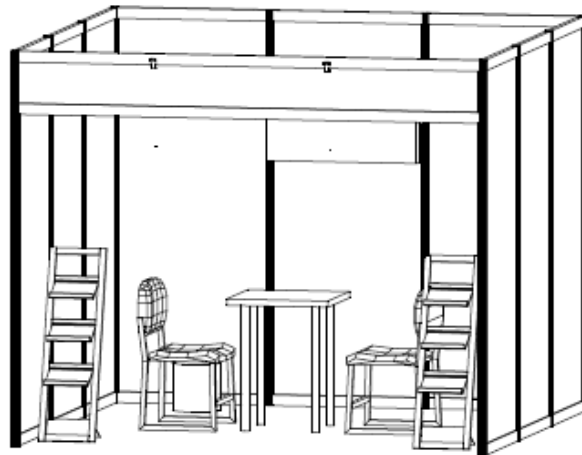

SPACE FOR EMERGING ECOSYSTEMS – EMERGING ECOSYSTEMS FOR SPACE

Time: 15:00 - 16:10

Room: HAC Hall C

Every country has something to offer to the global space community and can contribute to its endeavors. The Space for emerging ecosystems – emerging ecosystems for space will gather experience from all over the world on how to build a new space ecosystem, scale it up, and make it a valuable part of the global space community.
