➢ The Aerospace Symposium is open to all participants who are interested and can register on the ICESCO website.
What is a hub?

It is an accelerator program powered by UNESCO to help startups and entrepreneurial skill set acquisition for youth in 54 member states, aiming to address global challenges via Agility, Determination, and Innovative Technologies.

- ICESCO connects you to the right people, products, and practices to help you Thrive and Grow.
- ICESCO trains you to lead more effectively by making informed decisions on Technology, Product Design, and Marketing.

Whether you are looking for incubation, building your startup, or scaling up, to meet the needs of Customers, Businesses, and Society, ICESCO is here to help.

- Because if our startups would grow, our Economies would grow, and our Communities would grow.
