COMMITTEE ON THE PEACEFUL USES
OF OUTER SPACE
Legal Sub-Committee

Hungary: revised draft Convention concerning Liability
for Damage caused by the Launching of Objects into Outer
Space

The Contracting States,

Recognizing the common interest of mankind in furthering the peaceful exploration and use of outer space,

Recalling the Declaration of Legal Principles Governing the Activities of States in the Exploration and Use of Outer Space, adopted by the General Assembly on 13 December 1963 as resolution 1962 (XVIII),

Considering that the States and international organizations involved in the launching of objects into outer space should be internationally liable for damage caused by these objects,

Recognizing the need for establishing international rules and procedures concerning such liability to ensure protection against damage caused by objects launched into outer space,

Believing that the establishment of such rules and procedures would facilitate the taking of the greatest possible precautionary measures by States and international organizations involved in the launching of objects into outer space to protect against damage inflicted by objects launched into outer space,

Have decided to conclude the present Convention:

The scope of liability

Article I

1. The provisions of this Convention shall apply to compensation for loss of life, personal injury or other impairment of health, and damage to property hereinafter called "damage":

65-22653

/...

(a) Caused by an object launched into outer space; or

(b) Caused in outer space, in the atmosphere or on the ground by any manned or unmanned space vehicle or any object after being launched, or conveyed into outer space in any other way,

but they shall not apply to nuclear damage resulting from the nuclear reactor of space objects.

2. Liability is also incurred even if, for any reason, the space vehicle or other object has not reached outer space.

3. For the purpose of this Convention "Space Object" means space ships, satellites, orbital laboratories, containers and any other devices designed for movement in outer space and sustained there otherwise than by the reaction of air, as well as the means of delivery of such objects and any parts thereof.

Article II

1. Liability under this Convention shall not exceed...

2. A claim for damage may be advanced on the ground of loss of profits and moral damage whenever compensation for such damage is provided for by the law of the State liable for damage in general.

Article III

Unless otherwise provided in articles IV and V, exemption from liability may be granted only in so far as the State liable produces evidence that the damage has resulted from natural disaster or from a wilful act or from gross negligence of the party suffering the damage.

Article IV

1. Whenever damage is done to a space object or to persons and property on board by another space object, no claim shall arise between each other, except in so far as the claimant State produces evidence that the damage has been caused because of the fault of the other State or of a person on behalf of whom the latter State might present a claim (article VIII).

2. If in the case mentioned in paragraph 1, a claim arises on the part of a third State, liability of the States liable for the space objects shall be joint and several.

Article V

The State shall assume liability for damage caused on the ground, in the atmosphere or in outer space, if the damage occurred while exercising an unlawful activity in outer space or the space vehicle or object was launched for unlawful purposes, or if the damage has otherwise resulted from an unlawful activity. In such cases, the State liable shall be barred from any exoneration whatsoever.

The subject of liability

Article VI

1. Liability for damage shall rest with the State or international organization which has launched or attempted to launch the space vehicle or object, or in the case of a common undertaking, with all the States participating in the undertaking or with the State from whose territory or from whose facilities the launching was made, or with the State which owns or possesses the space vehicle or object causing the damage.

2. Where liability may be laid upon more than one State or international organization, their liability towards the claimant shall be joint and several.

Article VII

If liability for damage rests with an international organization, the financial obligations towards States suffering damage shall be met by the international organization and by its member States jointly and severally.

Claims, payment, arbitration

Article VIII

1. A claim for damage may be made by a State in whose territory damage has occurred or in respect of damage suffered by its citizens or legal entities whether in the territory of that State or abroad.

Article IX

A claim must be presented within one year of the date of occurrence of the damage, or of the identification of the State that is liable. If the applicant

/...

State could not reasonably be expected to have known of the facts giving rise to the claim, the claim must be presented within one year of the date on which these facts officially became known.

Article X

The claim shall be presented through diplomatic channels. The claimant State may request a third State to represent its interests in the event it has no diplomatic relations with the State liable.

Article XI

1. In case the State liable does not satisfy the claim of the claimant State the claim for compensation shall be presented to a committee of arbitration set up by the two States on a basis of parity. This committee will determine its own procedure.

2. Should the committee mentioned in paragraph 1 not arrive at a decision, the States may agree upon an international arbitration procedure or any other method of settlement acceptable to both States.

Article XII

Claim for compensation for damage caused by a space ship of a foreign State shall not constitute ground for sequestration or for the application of enforcement measures to such space ship.

Final clauses

Article XIII

1. This Convention shall be open for signature to all States. It shall be subject to ratification. Instruments of ratification shall be deposited with the Secretary-General of the United Nations.

2. It shall enter into force thirty days after the deposit with the Secretary-General of the United Nations of the fifth instrument of ratification.

Article XIV

After the Convention enters into force it shall be open for accession to other States. Instruments of accession shall be deposited with the Secretary-General of the United Nations.

Article XV

With respect to each State which ratifies the Convention or accedes thereto after the deposit of the fifth instrument of ratification, the Convention shall enter into force thirty days after the date of deposit by the State of its instrument of ratification or accession.

Article XVI

Any Contracting State may denounce this Convention by notification to the Secretary-General of the United Nations. The denunciation shall take effect one year after the date on which the notification has been received by the Secretary-General of the United Nations.

Article XVII

The Secretary-General of the United Nations shall notify all States concerning:

- (a) The signature of this Convention and the deposit of instruments of ratification or accession in accordance with articles XIII and XIV;
- (b) The date of entry into force of this Convention in accordance with articles XIII and XV;
- (c) Denunciations received in accordance with article XVI.

Article XVIII

The original of this Convention, of which the texts in the Chinese, English, French, Russian and Spanish languages are equally authentic, shall be deposited with the Secretary-General of the United Nations, who shall transmit certified copies thereof to all States.
