## **II. Replies received from Member States**

### **Norway**

[Original: English]  
[23 November 2010]

At present, Norway does not have any legislation or practices related to the definition and/or delimitation of outer space.

### **United Kingdom of Great Britain and Northern Ireland**

[Original: English]  
[23 November 2010]

Legislation and practice of the United Kingdom do not define or delimit space.
