At the afternoon meeting (932<sup>nd</sup>) of the Scientific and Technical Subcommittee of the Committee on the Peaceful Uses of Outer Space, *today*, 13 February 2020, there will be two special presentations: on “ASI experiments for the mission BEYOND: applications for a better life in space” by Mr. Giovanni Valentini of Italy, and on “WRC-19 results for Space Services and Introduction to WRC-23 agenda items” by Ms. Véronique Glaude for the International Telecommunication Union, in Board Room D.

### **WORKING GROUP ON THE “SPACE2030”AGENDA**

Afternoon\* (Closed) Board Room D

\* Preceding the opening of the 932<sup>nd</sup> meeting.

## **SUMMARY OF SCHEDULED MEETINGS**

929<sup>th</sup> meeting

### *Space debris [8]*

The Subcommittee concluded its consideration of this item with a statement by the representative of the United Arab Emirates.

### *Remote sensing [7]*

The Subcommittee began its consideration of this item with statements by the representatives of India, Indonesia, Israel, Mexico, the Russian Federation, and South Africa.

### *Global navigation satellite systems [10]*

The Subcommittee concluded its consideration of this item with statements by the representatives of the United States and Republic of Korea.

### *Geostationary orbit [17]*

The Subcommittee began its consideration of this item with statements by the representatives of India, Indonesia and the Russian Federation.

The observer for the International Telecommunication Union also made a statement.

### *Special presentations*

Presentations were made by the observer for IAASS on “Space Safety and The IAASS Manifesto”, by the representative of the Russian Federation on “System of earth’s remote sensing in IKI and international collaboration”, and by the representative of the United Arab Emirates on “UAE Capacity Building and International Collaborations via Space Projects”, in Board Room D.

## **WORKING GROUP ON THE “SPACE2030” AGENDA**

The Working Group held a closed meeting this morning.

930<sup>th</sup> meeting

### *Remote sensing [7]*

The Subcommittee continued its consideration of this item with statements by the representatives of Canada, China, Japan, the United States and Viet Nam.

### *Geostationary orbit [17]*

The Subcommittee continued its consideration of this item with statements by the representatives of Ecuador and the Netherlands.

### *Draft provisional agenda for the fifty-eighth session of the Subcommittee [18]*

The Subcommittee began its consideration of this item.

*Special presentations*

Presentations were made by the representative of Italy on “ASI’s Earth Observation Missions for Environment Monitoring”, by the representative of Austria on “Space debris laser ranging – Recent progress and new applications”, by the observer for the International Association for the Advancement of Space Safety on “IAASS position on space debris management”, by the representative of China on “Chinese International Open Sharing Satellite AIT”, and by the representative of the Russian Federation on “International cooperation in field of observations of the near-Earth objects with ISON project”, in Board Room D.
