## **Information furnished in conformity with the Convention on Registration of Objects Launched into Outer Space**

### **Note verbale dated 17 April 2024 from the Permanent Mission of the Russian Federation to the United Nations (Vienna) addressed to the Secretary-General**

The Permanent Mission of the Russian Federation to the United Nations (Vienna), in accordance with article IV of the Convention on Registration of Objects Launched into Outer Space (General Assembly resolution [3235 \(XXIX\)](#), annex), has the honour to transmit data on space launches by the Russian Federation in March 2024 and on previously launched space objects that ceased to exist during that period (see annex).<sup>1</sup>

---

<sup>1</sup> The data on the space objects referenced in the annex were entered into the Register of Objects Launched into Outer Space on 7 May 2024.

Registration data on space objects launched by the Russian Federation in March 2024\*

1. In March 2024, the following space objects under the jurisdiction and control of the Russian Federation were launched:

Registration number of space object	Name of space object, launch vehicle and place of launch	Date of launch	Basic orbital parameters				General function of space object
			Apogee (km)	Perigee (km)	Inclination (degrees)	Period (minutes)	
3718-2024-004	Soyuz MS-25, launched by a Soyuz-2-1a carrier rocket from the Baikonur launch site	23 March 2024	243.1	200.1	51.6	88.6	Delivery to the International Space Station of the crew of Visiting Expedition 21, consisting of Oleg Viktorovich Novitsky (Russian Federation), commander of the crewed transport vehicle; space flight participant Marina Vitalyevna Vasilevskaya (Belarus); and Expedition 71 participant and flight engineer Tracy Ellen Caldwell Dyson (United States of America)
3719-2024-005	Resurs-P No. 4, launched by a Soyuz-2-1b carrier rocket from the Baikonur launch site	31 March 2024	490.6	295.3	97.2	92.1	Earth remote sensing

2. In March 2024, the Russian Federation did not launch any space objects on behalf of foreign clients.
3. The following space objects ceased to exist in March 2024 and were no longer in Earth orbit as at 2400 hours Moscow time on 31 March 2024:
- 1979-005A (METEOR), which burned up on 2 March 2024;
  - 2022-096D (SXC3-2110 Voenmeh), which burned up on 3 March 2024;
  - 1981-009A (MOLNIYA-1), which burned up on 12 March 2024;
  - 2022-096E (Monitor-1), which burned up on 23 March 2024;
  - 1998-067WA (Parus-MGTU), which burned up on 29 March 2024.

\* The registration data are reproduced in the form in which they were received.
